

Paint Or Die Challenge! Sounds a Little extreme but what fun!!

Your Challenge this time around is to Paint this Fun Tattoo Inspired Design!

You may paint in On Fabric, Glass, Metal, wood.. Whatever you like, You may enlarge it, Change it to suit you ( Yes that includes the lettering)

The Challenge is in Altering designs to suit your surface, you personal tastes and your own colour choices!! Sounds easy... It isn't.

You have already proven yourselves to be talented painters, Lets see how you do with re-designing!!

Most importantly... have some fun with the process.. you are not being graded or judged. If you mess up .. it's only paint.

Failures are bruises.. Not tattoos
