## **Sweet Christmas Cookies**

designed by Tracy Moreau

Translated by Diane Brault

---

There is only one thing better than a handful of freshly baked Christmas Cookies and that is the memories they bring back. Every sweet thing about childhood and the holidays comes rushing back with the smell of Christmas cookies!! I think that's why these little Christmas Cookie keys were so much fun to paint; they made me think of all the ones I indulged in as a child. A very sweet memory!!! Enjoy!

Thanks for playin in my sandbox!

Tracy Moreau.

L'Acrobat (Fast Drying Glaze)

Small Polka Dot Stencil

To Begin:

Seal and sand your ornaments on both sides. When dry and wiped free of dust, apply two generous coats of Warm White. We want a nice Opaque finish. Let dry well. Trace and transfer the Line drawing to the Ornaments, if you are going to use the heart stencil, simply omit the candy cane pattern.

### **The Cookies:**

On the palette: Raw Sienna Warm White, Tuscan Red, Prussian Blue, Olive Green, Whispering Turquoise, Fuchsia, Plantation Pine, Glamour Dust paints.

Base coat the Lower portion of the keys with Warm White, Base the Diagonal Stripes with Tuscan Red. Shade the Right side of the lower portion of the Keys with a nice wide weak float of Prussian Blue. Apply a narrower float of the same on the left side of the key. Be sure to shade in each segment as indicated on the line drawing. Let dry. Once dry, apply a weak float of Asphaltum over all of the shaded areas. Let dry. Dry brush a highlight down the length of the bottom of the Key, just left of center. Using warm White and the Single Blender.

Base coat each of the Cookies with Raw Sienna. Float the edges of the cookie with a float of Asphaltum. Let dry. Paint the White squiggly line with Warm White and the rigger.

**Cookie with a Bow:**

Base coat the Bow with Tuscan Red, Shade the Bow with a series of floats of Soft Black. Follow the Indications in the line drawing for placement. Highlight with a series of dry brushes of warm white. Let dry. Add a punch to the highlight with a little of the Neon Orange Glamour Dust Paint.

Base coat the Icing with Fuchsia, Shade it with a float of the Tuscan Red as indicated. Dry brush a highlight on the Icing with Warm White. Punch it up by adding a little of the Neon Pink Glamour Dust Paint. Let it dry. Float over all of the shadows with a weak float of Asphaltum. Let it dry

**Snowflake Cookie:**

Base coat the Icing with Whispering Turquoise. Shade it with a float of the Prussian Blue as indicated. Dry brush a highlight on the Icing with Warm White. Punch it up by adding a little of the Ice Crystal Glamour Dust Paint. Let it dry. Float over all of the shadows with a weak float of Asphaltum. Let it dry.

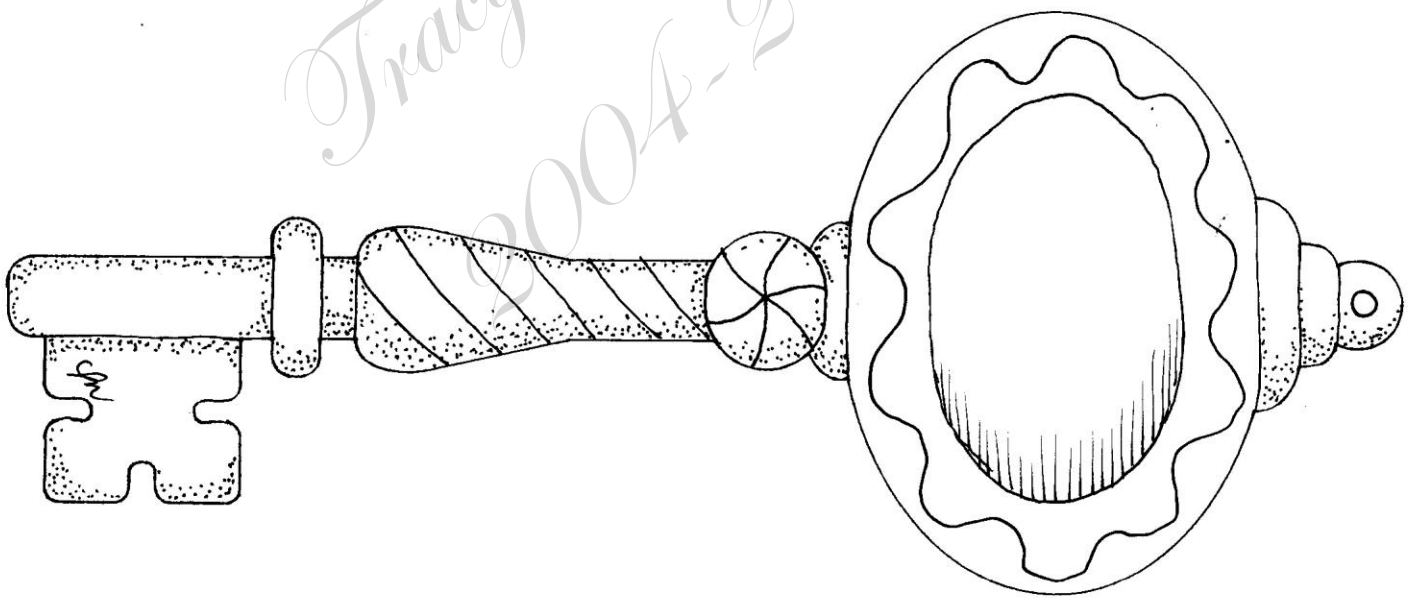

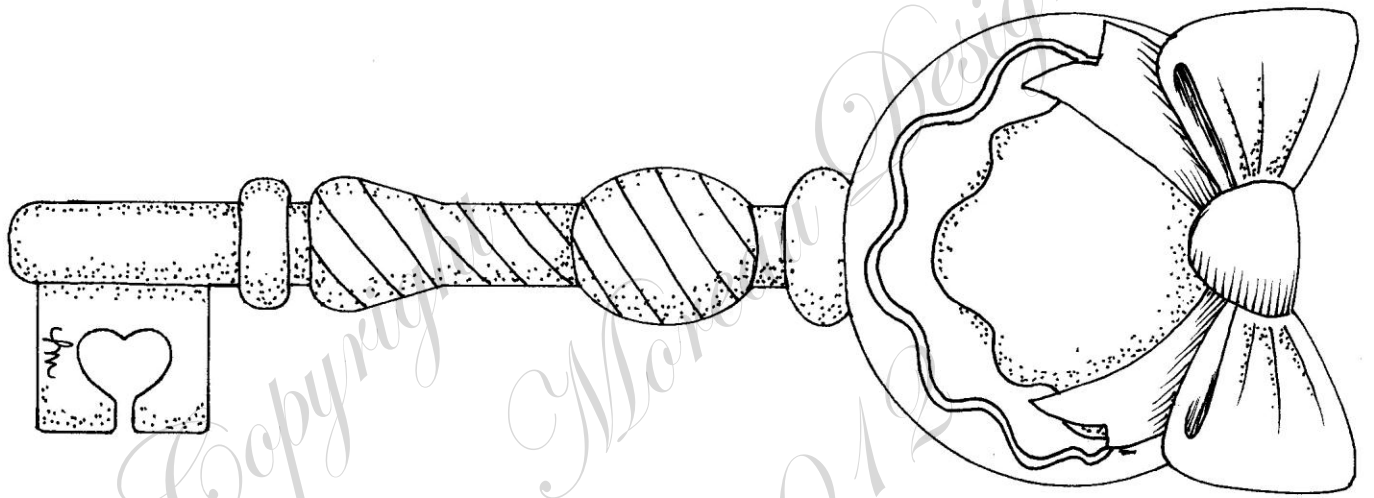

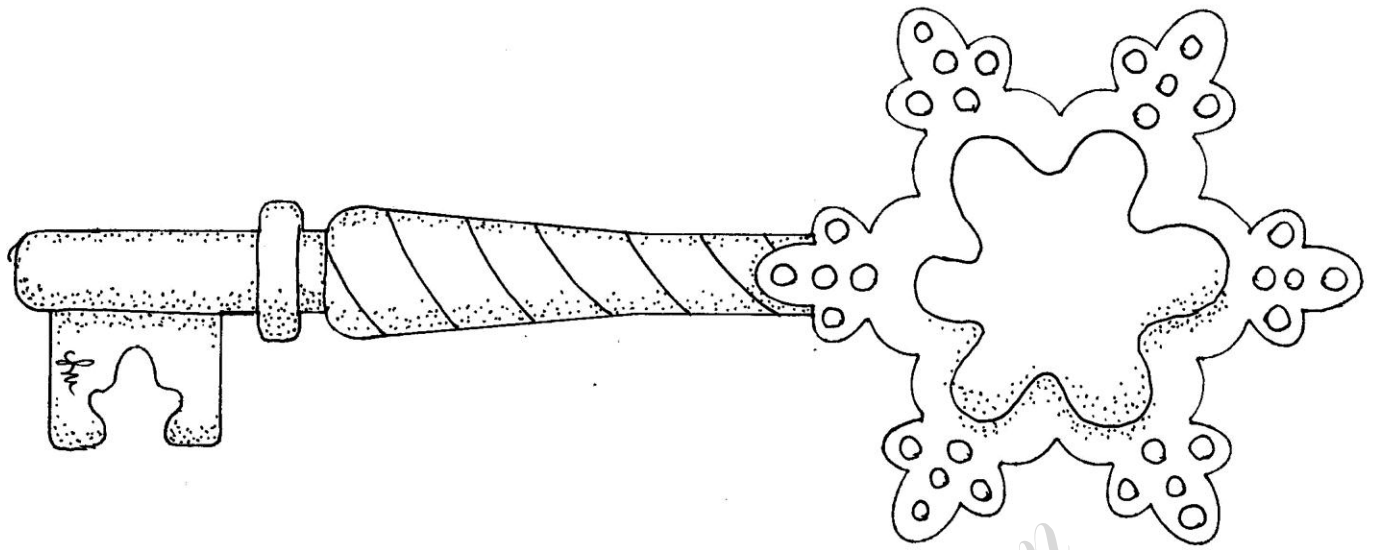

**Ornament Cookie:**

Base coat the Icing with Olive Green, Stencil over it with the Polka Dot Stencil and Warm White. Shade it with a float of the Plantation Pine as indicated. Dry brush a highlight on the Icing with Warm White. Punch it up by adding a little of the Neon Green Glamour Dust Paint. Let it dry. Float over all of the shadows with a weak float of Asphaltum. Let it dry.

**Finishing:**

Seal each ornament with two to three light coats of DecoArt Matt Spray!
