

How To Draw Pears

- 1: Draw One Circle and then an Oval that overlaps the top at a slight Angle
- 2: Connect the top to the bottom by drawing two lines from the top of the oval to the sides of the lower circle. Sketch in a simple Leaf.
- 3: Add a small curve at the bottom of the Circle, Then a small one just above it. Then a small one at the Top of the Oval. Sketch in a simple stem.
- 4: Add a little ruffle to the bottom Dimple, and some details to the Leaf.
- 5: Clean up all of the Extraneous Pencil Lines.
- 6: Add some shading to define the shape.

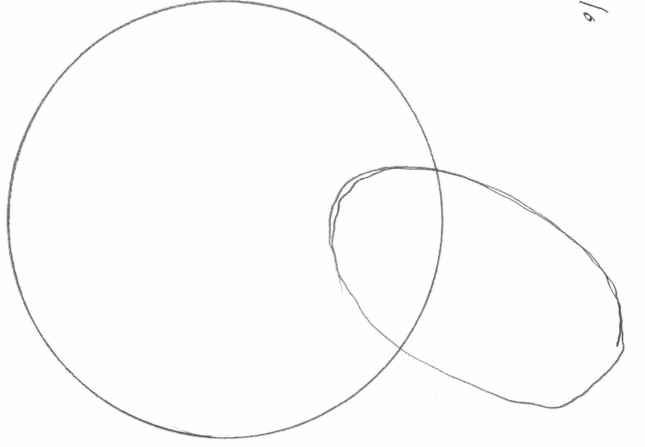

The Challenge:

Create a small piece using this Method to create the Pear.. then embellish and detail the pear with Stencils, Stamps, paper... whatever you choose, to create your own original Piece!

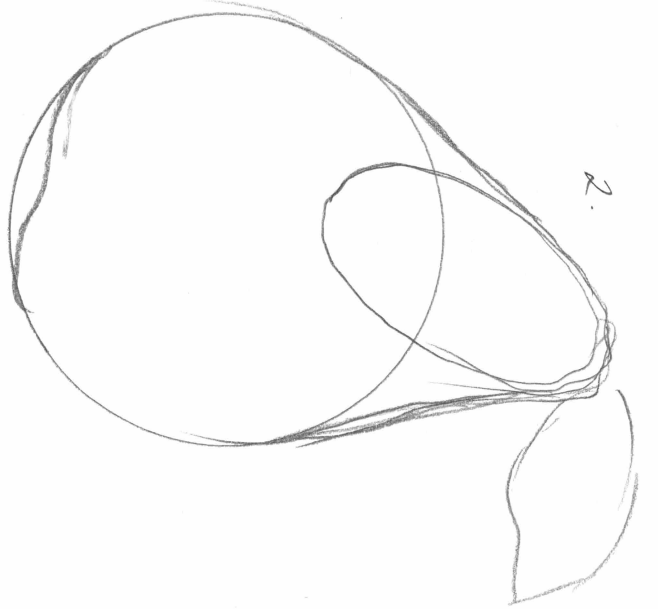

All of those that participate and post Photos to either the Facebook Group page or The YouTube Community Tab will have their names entered into the Wheel.

Three of Those that participate Will win a Great Creative Prize!!
