

Image Transfer Mini Make

Basic Instructions for Image Transfer:

- Base coat your surface in the color of your choice and let it dry well.
- Trim the image as closely as possible (you can do this with scissors or tear it.)
- Apply a generous even coat of Matt Medium, Decoupage Medium or Image Transfer Medium to the surface.
- Moisten the image paper with a light spritz of water.
- Immediately lay the image face down into the wet medium and brush the paper out smooth with a wet brush (no Medium)
- Roll over the image with a small brayer or a paint bottle to seat the image firmly.
- Let it dry thoroughly. (longer the better)
- Moisten the paper with a little water and begin gently begin rubbing away the paper fibre.
- Continue to rub the paper away letting the paper dry from time to time to assess how much remains.
- Remoisten and continue until the image is clear when dry.

Seal the finished piece with your favorite varnish.
