## To Begin

Base the Phone stand with two coats of Light Buttermilk let it dry and sand lightly to remove the rough spots.

Cut a piece of the dictionary page ( or whatever paper you are using) so that it covers the surface completely. Apply a generous but even coat of the matte medium to the surface. Wet the paper by dunking it into a bowl of clean water and let the excess run off. Lay the wet paper into the matte medium. Then use a brayer or a paint bottle to roll it firmly into place. Blot with paper towel if it is too wet. Set it aside to dry well.

Using an emery board to sand the edge of the tag ( down and away )to clean away the excess paper. Apply a top coat of the matte medium over the paper. Let dry well.

Trace and transfer the line drawing to the Phone Stand.

### **The Santa:**

On The Palette: Warm White, Country Red, Cotton Candy, Lamp Black, Country Red, Bahama Blue, Antique Green.

Base the hat with Country Red, the fur trim with Light Buttermilk, The face is base coated with Cotton Candy, The nose and mouth with Country Red and the eyes with Lamp Black. Shade the face with a float of thinned Asphaltum. Shade the nose and hat with floats of Lamp Black (mix in a small amount of Country Red) Add a highlight to the hat with a dry brush of Warm White to the centre area and to the point of his hat. Let it dry. Dry brush the cheeks with a little Country Red and add a dot of Warm White to highlight.

Shade the beard and the trim of the hat with floats of Asphaltum, Highlight the bottom of the moustache with a float of Warm White. Add a light float of thinned Bahama Blue to the bottom of the moustache and to the centre portion of the beard.

Apply a float of thinned Warm White to the left side of each eye and to the nose. Add final highlights on the eyes and nose with a tiny dot of Warm White. Add some details to the trim of the hat with tiny pine branches painted with Antique Green, add tiny dots of Country Red for the berries. Allow to dry.

### **The Tag:**

On The palette: Warm White, Asphaltum, Small Letters Stamp Set

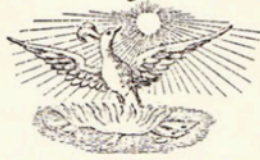

Base the tag with 2 coats of Warm White. Let it dry. Shade the edges of the tag with a float of thinned Asphaltum. Let it dry. Stamp HoHoHo to the centre of the Tag ( Or whatever you want it to say really) Using the Stamp set and the Stazon Stamp Pad or Lamp Black Paint. Outline the edges of the tag with a fine sketchy line using the Uniball Signo. Let it dry.

### **Finishing:**

Apply a scribbly fine series of lines around the details of the beard , the hat and the face, ( give him some eye lashes) with the Uniball Signo .38 Black Gel Pen. Lightly spatter the stand with thinned Warm White and again with thinned Asphaltum. Let dry. Apply two or three light coats of Matte Spray to the pieces and let them dry well.

Glue a small pompom to the tip of the hat, Try using a variety of colours for the Hat! Paint Three Snowflakes with warm white , Add Glitter if you choose and Glue the randomly onto the front of the phone stand. These are great stocking stuffers! Package them in a Small brightly coloured Cellophane bag and tie with a complimentary ribbon! Add a tag and voila! And adorable and functional gift they can use all year long!
