Frequently Asked Questions

5.

What is numerology, and why should I purchase a birth chart?

Just like a natal chart, your numerology report or birth chart gives you a deep insight into yourself as a person. Each report gives you something different. However, the Ultimate Numerology Report gives you all of this information:

Your Personality Profile: Describes your inborn traits, details why you're drawn to the things you are. Pinpoints what makes you unique. It explains how others see you.

Your Yearly/Monthly Forecast: looks ahead to the energy and influences you will encounter this year to prepare you for the unexpected changes life can bring. Monthly Forecasts give specifics for each month to help you make the most of each period.

The Diamond Spirit Report: uncovers the connection between your mental, spiritual, and physical arenas. It describes the challenges you will face this year, outlines its root cause, and recommends a course of action to move through this period successfully; Includes two years.

The Talent Profile: analyzes your strengths and talents and lists careers that relate to your unique capabilities.
