ORISA'S CHILD DIGEST

Your monthly digest of spiritual knowledge

HAPPY NEW MONTH!

October is HERE; this has to be my favorite month besides my birthday month (July) lol, it's WITCHY SNZ. But it's also Libra season and Scorpio season. October, like every other month, has two zodiacs within the month. Again, both signs are within October Libra SNZ at the beginning of October and Scorpio SNZ at the end of October. Libra SNZ is all about Balance and Equality. Scorpio SNZ is all about Evolving. October 2021 in numerology, operating under the six frequency. What does this mean? Six is conscientious; the number six desires harmony, truth, justice, and a sense of balance in its environment.

Libra also desires these qualities. Scorpio, the water sign, inspires us to merge in union with another person. This can happen physically, emotionally, mentally, and spiritually. The six frequency also wants a close companion, marriage, home, and family where beauty and harmony prevails. A need for group harmony and services to the community is innate this month. So October will bring into focus family, home, and relationships (community relations is also a focus). How are our relationships balanced? And how are they evolving? Here is your theme for the month, and let's not forget to mention we still have retrogrades happening, Mercury until Oct 18th, Saturn Oct 10th, Jupiter Oct 18th, Pluto Oct 6th (New Moon in Libra Energy). Two more will be with us until the end of this year and into the beginning of next year; these planets are Neptune and Uranus. We will get more into this in the retrograde section. And I can not end this intro without the mention of HALLOWEEN. You will learn throughout this monthly digest the origins of what we now know as Halloween.

RETROGRADES AND THE COMING OF FALL 2021

Your monthly digest of spiritual knowledge

Retrograde

Four planets will be going direct this month, Mercury, Saturn, Jupiter, and Pluto. Don't forget that we will have two more planets in retrograde, and it's Neptune and Uranus. Let touch on how this retrograde will affect us this October. We spoke about October and how we will be forced to focus on family, home, relationships, balance, and harmony. Mercury being in retrograde will focus on our need to communicate better in our homes and close relationships. Saturn being in retrograde, we want to consider our long-term family goals and bring discipline into our home. Jupiter will have us evaluating unfinished business and considering our next steps to expanding our lives and relationships. Pluto, oh Pluto, this planet usher in death and rebirth to our family and relationships, so this month, either your relationships will end or be reborn and are going to come out more vital than ever. Pluto also asks us to declutter our lives, so take this month to do just that in your home. Neptune peels away the veil of our rose-colored glasses. We will see people but especially family and friends for who and what they are, no chaser. And Uranus will make sure that we make changes in our family's life by using our intuition and guidance of our spiritual court.

NEW MOON OCTOBER 2021

Your monthly digest of spiritual knowledge

New Moon in Libra

October brings in the new moon in Libra on October 6th. Now, as we know, the new moon brings in new energy. And this new moon's energy is about setting goals on hows to communicate within your relationships and finding balance in your life. This is especially true because we are in retrogrades. During this new moon, balance is vital in all areas of your life. So make sure your rituals this month are in alignment with relationships, family, home, and harmony. To keep balance in your life, ask yourself some questions; have I been speaking too aggressively or passive? If this is the case, aim to learn to communicate being more assertively. If you have been working too hard, rest up. If your mind has been scattered, then it is time to focus with breathwork. The key is balance.

Your monthly digest of spiritual knowledge

Full Moon In Aries(Blood Moon)

October brings the Blood Moon (a time of hunting), the time when the deer shed their antlers and begin the rut; this is the time we have the compelling drive to create a new life that supersedes the death of winter. If you see more room for growth, then take action on it! During the full moon in Aries, we are asked to create true balance and take stock of our progress in the new moon cycle or over the past year.

Libra and Aries are polarities, while Libra is all about relationships with others, the opposite sign, Aries, is all about your relationship with yourself. Aries energy can help you be very decisive and clear about what you need. Libra energy can help you keep in mind other people's needs as well. With both of these energy highlighted at the full moon, true diplomacy can be achieved. Make sure that for this full moon, you set healthy boundaries; what projects, relationships, appointments, or work do you want to say Yes to? which ones do you want to say No to? Use this time for decisiveness and clarity to find balance in your life.

OCTOBER'S RITUAL MESSAGE

Your monthly digest of spiritual knowledge

By Iya Dee

Halloween, as we know it today, dates back to the ancient Celtic people. It was known as The Festival of Samhain (pronounced sow-in). These ancient people lived over 2000 years ago, and Samhain was their new year. Today, we celebrate Halloween on October 31st; in those days, what is now November 1st, was considered their new year. The Celtic people didn't use the Gregorian calendar, so today's dates were used once the Catholic Church ruled over these people. Instead of a dated calendar, the Celts used the moon and seasons to denote the passing of time. Hence, Samhain refers to the ending of summer, the time of harvest.

During the Festival of Samhain, costumes were worn to ward off roaming spirits. The Celts would also burn crops and animals as sacrifices to their deities. The costumes were worn to trick evil spirits into thinking people were other evil spirits. Once the Roman Empire and the Catholic church began ruling the Celts, they added their traditions.

Samhain marked the end of summer, the harvest, and the beginning of the dark, cold winter. The season was associated with a human death, their ancestral worship. Celts believed on the night before the new year, the boundary between the worlds of the living and the dead becomes blurred. The belief is the spirits of the dead return to earth to be reunited with the living. This festival is a time to give thanks for the harvest and the blessings afforded by the ancestors.

We can see just how the transition from Samhain and Halloween came about, for in the 8th century; Pope Gregory declared November 1st was to be honored as All Saints Day. The evening before All Saints Day was celebrated as All Hallowed Eve, Halloween. This tradition, begun by the Catholic church, paved the way for what is known as Halloween in the Christian world in the new world.

OCTOBER'S RITUAL MESSAGE

Your monthly digest of spiritual knowledge

ANCESTRAL RITUAL

October 31st is a time when many people venerate their ancestors, regardless of traditional practice. This day is an amazing night due to the multitude of energy being produced towards the spiritual realm. It's a worldwide veneration of the dead and their connection to us in this realm; this night would be a great time to cook food, place drinks, flowers, water, candle, and anything else your spirit inspires you to do. Prepare the offerings, and prepare the table, or find a place on the floor in any room in your home. (PLEASE DO NOT PLACE IN YOUR BATHROOM, I'VE SEEN SOME PRACTITIONERS DO THIS) Once you have your shrine set up, light your candle and begin your veneration invocation.

(You may use any words you wish, whatever comes from your heart, just an example for you)

GREETINGS AND GRATITUDE TO ALL OF MY ANCESTORS (NAME ALL YOU WISH)

I HONOR ALL OF YOU; THAT'S PART OF MY BLOODLINE

ALL OF YOU THAT HAVE COME BEFORE ME

I AM GRATEFUL FOR ALL OF THE PROTECTION AND GUIDANCE YOU OFFER

I CALL UPON ALL OF MY ANCESTORS; PLEASE LISTEN TO MY PRAYERS (speak your need)

I AM LISTENING FOR YOUR MESSAGES; HELP ME TO UNDERSTAND AND USE THEM WISELY

I THANK YOU FOR BRINGING ME MY VOICE AND MY STORY

CONTINUE TO GUIDE AND PROTECT ME AND MY FAMILY

ASE ASE ASE O!

OCTOBER'S SUNSCOPES

Your monthly digest of spiritual knowledge

Aquarius, a love affair of the heart, is indicated. A new lover, a new relationship, and a deep emotional commitment are indicated. Even if matters such as this is farther from your mind, you will be surprised by the intensity of the feeling that is to come. And the more general sense the lover's care reveals that the time has come to make an important decision that will affect the rest of your life. There may be a conflict between your duty and your heart's truest desire. This is an essential matter because two paths lie before you. One of these involves taking a significant risk, but the advantage is that you could gain great happiness and emotional fulfillment. The other path is far more conventional, as it promises to continue your way of life as usual for you. Then advantage of this path for safety and previously established security. The first path offers excitement and the other a calm, ordered pattern of life, one with which you will inevitably become bored in the long run. In these two very different choices, understand the logic does not play much of a role. The heart should speak and dominate the issue, so follow your feelings because happiness will follow. And on another profound note, the lover's car can also show the establishment of a very close friendship that touches you deeply.
