Pool Service Each Week

As part of our goal to provide the best vacation experience possible there is a responsibility to maintain each property according to our high standards. This maintenance includes the pool, which is done weekly by a professional pool company.

- Do not block screen doors, gates, or other entrances to the pool area to ensure the professionals have access for prompt and efficient pool service.

Guests are not allowed to refuse pool services, doing so will result in a **\$100 return trip charge and other potential pool fees should the water need additional treatment (to be paid by the guests).**

- If a pool is not properly serviced each week, due to the high heat temperatures of Florida, the result can be rapid algae growth that can turn the pool green within 48 to 72 hours.

BEACHES

Fort Myers Beach

Fort Myers Beach is an excellent spot for swimming and sunbathing, as well as water sports, like kayaking and parasailing. Travelers who head to the shoreline can expect wide swaths of clean, white sand as fine as powdered sugar, which is well worth the journey for many. Rental shops for water sports equipment are positioned along the beachfront, and travelers can also reserve equipment ahead of time online through a company like Holiday Water Sports. Fishing enthusiasts can reel in their catches on the Fort Myers Beach Pier, which has an on-site bait shack and plenty of space to take a stroll and enjoy the views.

Sanibel Island

Sanibel's beaches are famous for their pristine sands and abundant shells. Due to the island's east-west orientation, Sanibel Island is the perfect site for the Gulf tides and over 250 types of shells. Breathtaking sunsets and playful dolphins contribute to the excitement of boating tours, and the beautiful waters of the island offer some of the finest fishing in the world. Other active ways of appreciating the plant, wildlife, and fish are to go biking, paddle boarding or kayaking.

Manatee Park

One of the must-see animals for residents and visitors to Southwest Florida is the manatee and Lee County Manatee Park has a great viewing area for spotting them. There are a handful of observation decks to see the animals up close, but you can also hop into a kayak and paddle out to spot them. Recent visitors to the park say when it's cool out (and with a little patience) you can see upward of 50 manatees at the park.

Manasota Keys

Manasota Key, a hidden gem on Florida's Gulf Coast, offers visitors a tranquil escape with its untouched beauty and abundant wildlife. This barrier island boasts pristine, uncrowded beaches perfect for shelling, sunbathing, and swimming in the crystal-clear waters. Nature enthusiasts will enjoy exploring Stump Pass Beach State Park, where hiking trails wind through lush coastal vegetation, leading to secluded coves and panoramic views of the Gulf. With its serene atmosphere and breathtaking scenery, Manasota Key is a must-visit destination for those seeking a peaceful coastal retreat.
