PRINCESS OF THE AMAZONS

PHILOMENA

Princess of the Amazons

The ancient Greek island of Lemnos..........
2500 years ago

..today it´s Philomenas 21st birthday and her mother Hypolite the Queen of Amazons will announce Princess Philomena as the official successor on the throne.

Philo stands thoughtfully in the combat training hall.

...looking at the royal sword she is supposed to practice with.

I´m not yet ready for this responsibilty...

Philo thought of last night in the temple of Artemis, the patron goddess of all Amazons. It had been her night ... she danced all night with her sisters and her boytoys to celebrate the upcoming ritual of her 21st birthday

It was wonderful and exciting ... all these dancing and sweating half-naked bodies that moved ecstatically to the rhythm of the drums around her. Philo considered which of the boytoys she should choose as her lover today ...

The choice was not really difficult for her ... she chose Ajax again. Slightly confused, Philo thought about how much Ajax meant to her after some hot and ecstatic nights. He had become much more to her than just a Boytoy.

I chose you ..Ajax

Philo turned to Ajax and spoke the ritual words of the Amazons before a night of love......

I want you... Philomena!

Together alone with Ajax in her chamber, Philomena undressed and presented her naked body to the chosen lover as the custom of the Amazons prescribed...

Ajax obeyed the Amazon rules and showed Philo his strength by lifting her up and holding her in his arms for at least 100 heartbeats. Ajax hold her for more than 200....

Overwhelmed by her beauty and animal wildness, Ajax threw himself between Philo's thighs and enjoyed the taste of her treasure

full of desire, Philo rears up to test the strength of his virility

I thank Artemis for the gift she granted us with men

ahh ..his cock is so big ...he fills me

full of passion, nectar running down her thighs, Philo wanted to feel the hard cock of her lover inside her treasure

his cock teases me apart......

After hours of lust and passion, both fell to the floor and Philo heard her heart call a man´s name for the first time ... AJAX!

Ajax left Philo´s chamber in the early morning at sunrise......

Philo dressed and wanted to begin her morning prayer to Artemis. BUT...........

a huge thunder shook the whole temple and right next to Philo an explosion tore the wall apart and a big hole opened.

Philo was hit hard by some stones, fell to the ground and lost consciousness.......
