

ADVENTURE IN EGYPT

What happened before....

Imhotep had learned of the planned attack by the Amazons and the Egyptian princess Nefertiti and bribed the captain of the ship to deliver the women to him in chains.

Not suspecting that they were on a pirate ship, the 3 women had accepted the invitation to the captain's dinner. A decision with fatal consequences....

With a secretly added sleeping potion Philomena, Deianera and Nefertiti were knocked out and taken to the upper deck in chains. When they awoke, the captain told them that Imhotep had only asked him to bring them to him alive. What he would do with them on his ship was of no concern to Imhotep. With a mocking laughter, he announces he will have a lot of "fun" with the 3 women.....

PHILOMENA

PRINCESS OF THE AMAZONS

The captain steps very close to Philomena and whispers in her ear :

"You are Philomena, princess of the Amazonswe will have a lot of fun together before I will hand you over to Imhotep. You will like it..."

With a cold, calm voice Philomena simply replies:

"I am going to kill you."

PHILOMENA

PRINCESS OF THE AMAZONS

The pirate captain pulls out his dagger and frees Philomena from her bonds. Slowly and carefully he pushes her to a large wooden barrel with attached shackles.

The other pirates come closer and watch Philomena very carefully. They do not trust her and are not fooled by her beauty and grace. They know exactly how deadly Amazons can fight. But they feel safe and make fun of the supposedly helpless woman.

Full of greed, they wait for their own turn...

"Take a seat on your new throne, princess !"

PHILOMENA

PRINCESS OF THE AMAZONS

Surrounded by 3 pirates and a dagger in her back, Philomena obeys and lets herself be pushed to the barrel. Once there, the pirate captain pushes her upper body down and forces her onto the barrel.

He quickly closes the shackles around her wrists.

He presses her head hard onto the barrel and immediately penetrates her brutally and ruthlessly. Only one thought burns in Philomena's mind:

"I WILL KILL YOU!"

PHILOMENA

PRINCESS OF THE AMAZONS

As he presses Philomena's head down on the barrel, she sees a sword, carelessly left on a table nearby. "A sword!"..it flashes through her head. Immediately she has a plan how she will get it in her hands. But she must get rid of the handcuffs first....

She starts moaning lustfully and adapts her moves to the rhythm of his thrusts.

"Ahhh... it's wonderful to be taken hard by a strong man like you. Fuck me hard and give me all of you. Let me see the lust and greed in your eyes."

" I want you ! "

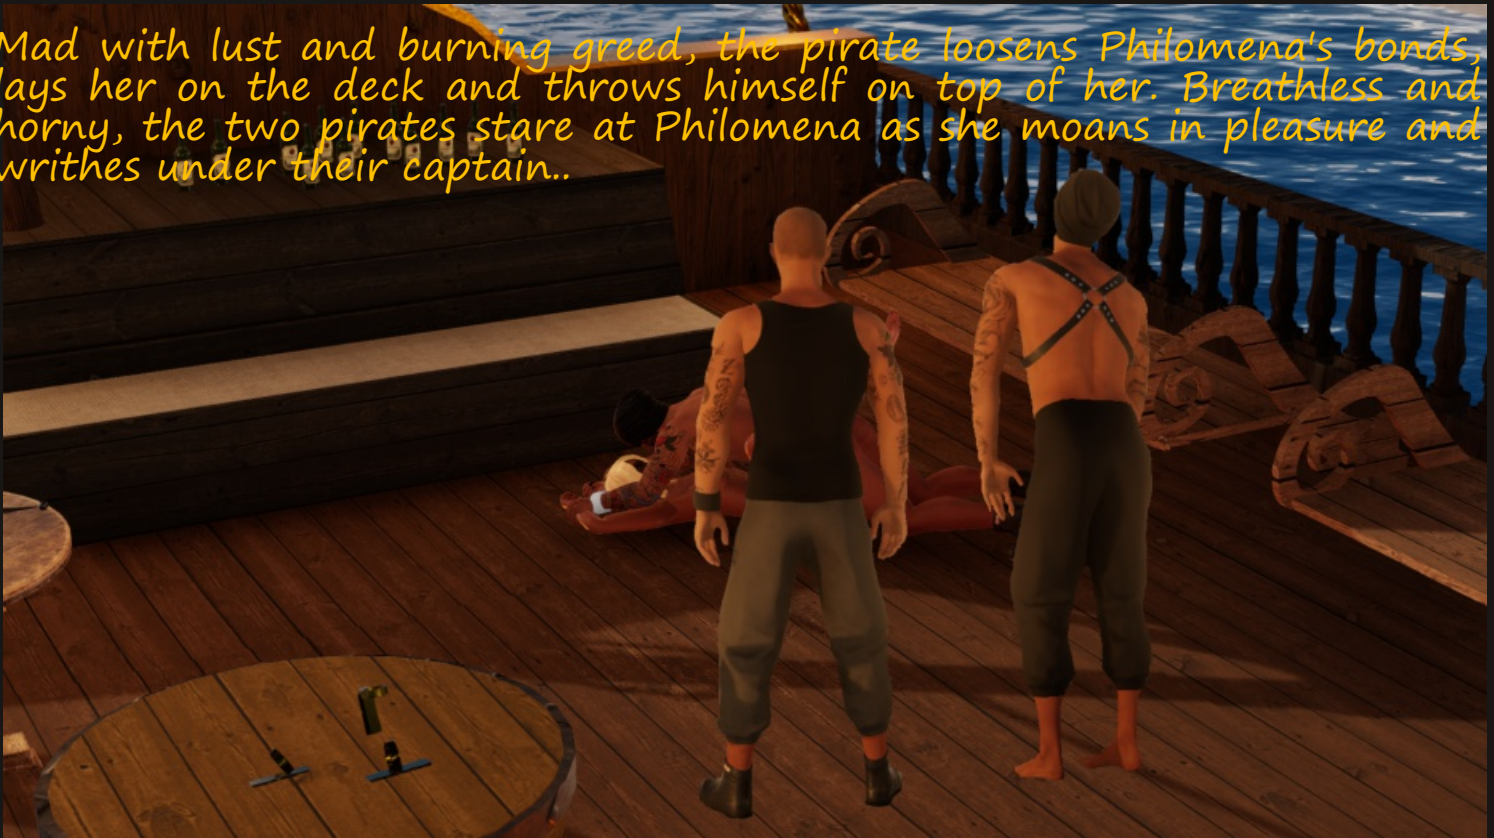

PHILOMENA

PRINCESS OF THE AMAZONS

Mad with lust and burning greed, the pirate loosens Philomena's bonds, lays her on the deck and throws himself on top of her. Breathless and horny, the two pirates stare at Philomena as she moans in pleasure and writhes under their captain..

Turning her head sideways, she suddenly sees Ajax releasing Deianera and Nefertiti from their bonds behind the pirates' backs and handing them weapons. Ajax ? How could he be here ? She decides to find it out later because now it's time to act !

PHILOMENA

PRINCESS OF THE AMAZONS

Ajax sneaks on deck and frees Deianerea first...

..and throws her a sword before he turns to free Nefertiti handing her another sword.

Deianera grabs the weapon out of the air and immediately wants to attack the pirates. Ajax signals her to be silent and wait. Confused and not understanding, she questioningly looks at him.

Ajax looks at the pirates and Philomena and whispers:

"Wait ! The Princess has a plan. Wait until she attacks !"

PHILOMENA

PRINCESS OF THE AMAZONS

When the pirate captain reaches the climax of his lust, Philomena whirls around and grabs the sword from the table. In one seamless move, she turns around and stabs the weapon right into the pirate's heart. With his last breath he whispers :

"Fucking bitch!"

PHILOMENA

PRINCESS OF THE AMAZONS

After Philomena's attack Deianera and Nefertiti instantly attack the other pirates and after a short and fierce fight, the villains remain dead on the deck.

The 3 women look at each other puzzled and Philomena asks :

"How could Ajax be here? Without his help we would have hardly made it.

Where is he now?"

Ajax seems to have disappeared.....

to be continued...
