## Panels or Planks

### for Ceilings & Walls

Audition acoustical wood panels and planks feature a wood veneer face and are available for ceiling and wall systems. Our exclusive engineering provides a monolithic linear appearance with the benefits of acoustical absorption. For added sound control, acoustical backers may be used. The result is superior quality, high performance, stylish acoustical panels and Tongue & Groove (T&G) planks that allow for easy field cutting, and are simple to install using the provided clips.

#### FEATURES

##### APPEARANCE & COLOR

Available in wood veneer in the species shown below\*  
 Audition 8 (8mm kerf spacing on-center)  
 Audition 16 (16mm kerf spacing on-center)
