

### **Our Mission**

*Casey's Safe Haven is a 501(c)3 non-profit holistic equine rescue dedicated to healing horses, ponies, donkeys, and mules in need. We will accept equines from animal control facilities, pony ride facilities, horses being retired from lesson programs, police force, and the race track. We also accept healthy animals donated by loving owners that for reasons beyond their control can no longer provide care. Our mission is to be a part of the solution by educating the public on the responsibilities and proper care of each equine so they receive the respect and dignity they deserve as living beings. We are a group of dedicated volunteers teaming together to create a loving and caring environment for our "guests" to find hope so they can heal in mind, body and spirit. Our mission is to help every equine that comes through our doors find a loving family where they can spend the rest of their lives.*
