The Ultimate Hospitality Software Stock Control Made Simple

Are you looking for a Point-Of-Sale system that gives you complete and comprehensive control over your business? Look no further than iControl by Finchcorp Technologies. Developed by our team, iControl is the result of decades of experience in the hospitality industry. Our team has been installing POS systems since 1987, giving us the knowledge and expertise to create a software that meets the needs of businesses like yours.

The layout of iControl is simple and intuitive, making it easy for end users to navigate and use on a daily basis. With our software, you'll have all of the tools you need to manage your business effectively and efficiently, including sales tracking, inventory management, customized reports, and stock management solutions.

At Finchcorp Technologies, we understand the importance of having a reliable and user-friendly point of sale system. That's why we've developed iControl to be the best in the industry. So why wait? Upgrade to iControl today and take control of your business like never before.

Streamline Operations

- Automate internal systems
- Integrate point of sale and stock control
- Optimise stock levels
- Download invoices from most liquor groups
- Improve efficiency and time management
- Control a multi venue operation from a single location

Increase Profitability

- Instant access to key business performance indicators
- View what is selling
- View which items are slow moving
- View what your margins are on items

Improve Service Delivery

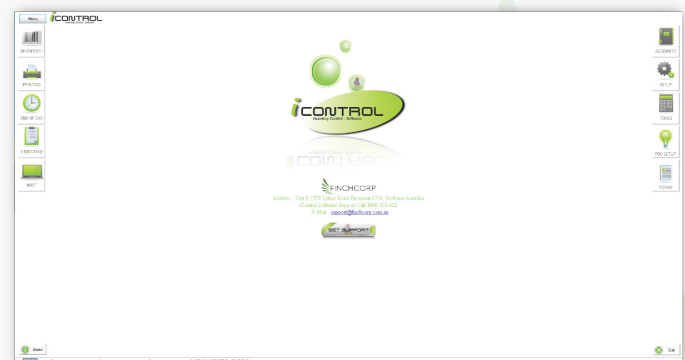

- Quicker, more reliable delivery at the register

Security

- Individual clerk settings determine what functions are accessible to staff members
- Audit trail functionality

Custom Reports and Printing

- Report generator to create venue specific reports
- Customize your reports to suit your requirements
- Design and print specific price ticketing
