We require proof of current

- Rabies
- Distemper
- Bordetella (kennel cough)
- Canine Influenza (H2N3/H2N8)

We began requiring canine influenza in Nov of 2022, with the outbreak of upper respiratory virus across the southeast and in Buncombe County. This is now a mandatory requirement for all dogs from here on out for our facility. Canine influenza is not typically included in an annual vet visit, but you can get it upon request.
