

# Godzilla Dutchman's Pipe Vine

*Aristolochia gigantea*  
'Braziliensis'

Outrageous bloom size, any-  
where from 12" to 18" by 12"!

This truly is one for plant collectors. Each flower displays an intricate pattern of white across a velvety burgundy background. It's also a repeat bloomer. Has a slightly lemon scent. Heart shaped foliage. Root hardy in the Houston area. Sun, part sun. Moist, well drained soil.
