

Snow Storm Beautyberry

Callicarpa japonica 'Snow Storm'

This dramatic addition to the beautyberry family is a knock out with stunning white-cream-green variegated foliage, clusters of **pink flowers** in the summer and loads of **rose-purple berries** in the fall. 'Snow Storm' forms a nice compact shrub mounding to 4'x4'. Prefers light shade and a moist, well-drained soil. Deciduous. Beautyberries are a food source for up to **40 species of birds!**
