

Cherry Landscape Supreme™ Daylily

Hemerocallis 'Cherry Landscape Supreme'

A small flowered beauty that meets all the selection criteria for the Landscape Supreme™ varieties. This series development was started to meet requests of landscape professionals in Texas several years ago. These criteria are: Short (24" or less), rapid increase, good repeat bloomer and overall dependable, healthy grower and performer. The "Cherry" variety of the series has a 3" red bloom, stays 16"-20" tall, has a good bud count; and, its **evergreen foliage** is especially lush and arching. **Repeat bloomer!**
