

American Tradition Lily

Lilium longiflorum

A great naturalizing lily for Houston. Blooms late spring with 6" long, fragrant pink flowers. Their thick petals are durably weatherproof & are especially long lasting if you remove the pollen anthers after the flowers open. **Fabulous cut flower!** Plant grows up to 3' tall with thick stalks. Plant in sun with good drainage. Allow to die down naturally in the fall – bulblets will form along the stem below ground level to increase your clump size each year.
