

## Purple Oxalis 'Frances'

*Oxalis sp. purpurea*  
'Frances'

Heidi Sheesley, TreeSearch Farms

**An incredibly showy little clumping “Shamrock” with spectacular maroon-purple foliage topped with bright pink flowers in heavy bloom cycles spring thru fall. This is a must for shade gardens! Plant it as an accent or as a purple & pink “carpet”. Averages 6”. Grows in light shade. Moist, well drained soil.**
