

# Ruby Glow Penta

*Penta lanceolata* 'Ruby Glow'

The original upright penta that hummingbirds and butterflies love soooo much!  
Non-stop bloom - each plant will carry dozens and dozens of clusters at one time. Self-cleaning - no dead-heading required! Great color and height - they can reach up to 3' tall and their flower clusters are 3" across. Sun, part-sun or light shade. Cut back hard in early spring for year-round enjoyment. Normally root hardy in harsh winters. Easy to grow!
