

'Ember's Wish' Salvia

Salvia hybrid

This lovely salvia has coral blossoms, maroons stems and rusty coral calyxes. Grows 24"-36" tall and wide. Plant where it will get some afternoon shade. Part of the 'Wendy's Wish' ensemble of salvias – butterflies & hummingbirds. Blooms spring through frost. Great cut flower too. Prune periodically to keep plant full and bushy – you'll be rewarded with hundreds of blooms! Perennial.
