

'May Night' Salvia

Salvia nemorosa 'May Night'

'May Night' is an outstanding salvia with a compact growth habit, profuse purple flower spikes and a tolerance for heavy clay soils. Foliage is **evergreen** in winter – extremely cold hardy! Blooms spring through fall – best if dead headed. **Bees love it. Deer and rabbit resistant.** Great for rock gardens or the front of flower beds – stays low – 12"-16". Full or partial sun.
