

Rosa's Blush Dwarf Blueberry

Vaccinium darrowii 'Rosa's Blush'

Evergreen texture that fruits! Rosy colored new growth, dusty blue-green foliage, light pink bell-shaped flowers in early spring. 'Rosa's Blush' is grown mainly for its compact habit and beautifully colored, ever changing foliage. Berries ripen a few times over a long period. Evergreen into the low 20's. Sun to partial sun, acidic soil, 2'-3'h x 3'-4'w.
