# ALL-IN-ONE MEDICAL APP

## MOBILE PATIENT INTAKE

- Complete patient intake or physical exam on mobile form, and inputs will flow into EMR.
- Fully customizable forms and fields.

## BOOST EFFICIENCY

- Simplify coding and optimize workflows so your doctors can focus on patient care.

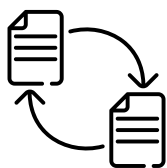

## ENSURE COMPLIANCE

- Database of coding rules is continuously updated to ensure compliance with latest guidelines and reduce audit risk.

## PHOTO & DOCUMENT CAPTURE

- Quickly snap patient photos or scan documents such as fee tickets or face sheets, which can then be transmitted to the EHR.

## SEAMLESS INTEGRATIONS

- Real-time, bidirectional HL7 FHIR interfaces available with most EMRs.

## ADMIN DASHBOARD

- Manage your own users and settings through the web-based admin portal, or contact our 24/7 support team.

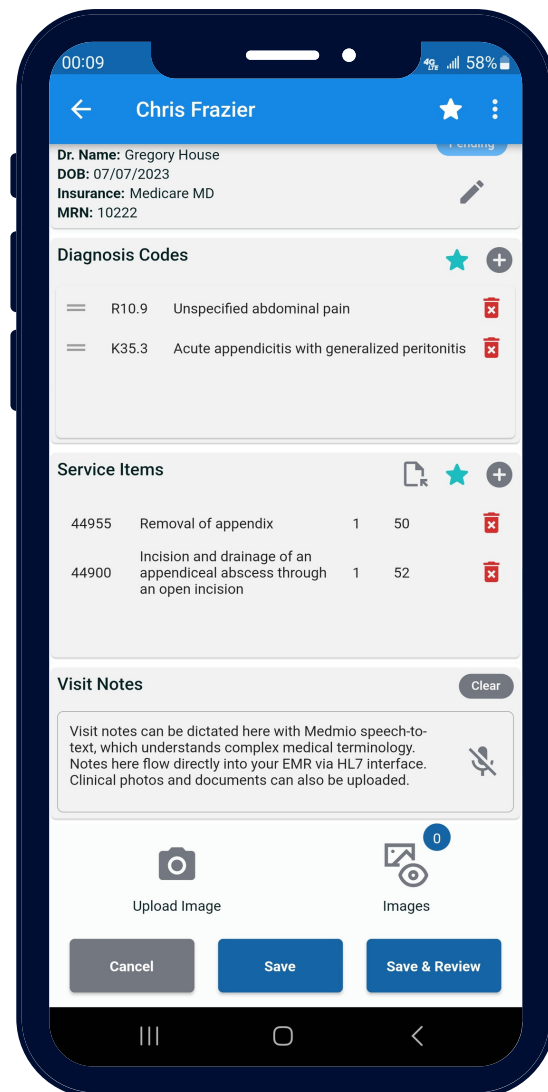

## HIPAA COMPLIANT

- Our platform fully complies with HIPAA, HITECH and GDPR to ensure security of ePHI.
- Cloud-based for extra security, reliability and performance.
