Dear Friends,

The Danbury Museum & Historical Society Authority has been educating and preserving our local history for over 75 years! Danbury, Connecticut, has a vibrant past that deserves to be celebrated and shared. Through welcoming programs for the public and school children, and by protecting the historical assets in our community, the Danbury Museum & Historical Society is keeping our storied past alive.

I am excited to announce that once again, the Danbury Museum will be hosting the annual Hat City Ball. The gala will bring together the Greater Danbury community for an exciting evening of fun and celebration, all in support of this important cause.

Your sponsorship of the Hat City Ball, on Friday, January 26, 2018, at the Amber Room Colonnade, will go a long way in helping to create a memorable evening, and in continuing to preserve our past. Your support promises to help our museum maintain and grow as a special place for programs, events, lectures and educational experiences for all children, adults, and visitors.

Please join me in supporting their efforts so that they may continue their mission of preserving the past, educating the present, and planning for the future.

See you at the Hat City Ball!

Sincerely,

A handwritten signature in black ink, appearing to read "Mark D. Boughton". The signature is stylized and cursive.

Mark D. Boughton  
Mayor
