

Mikayla Deely

Voice Actor, Performer

Profile

I'm an actor, singer, and writer who is always looking forward to my next challenge. Recently, I have taken an interest in voice acting, starting my own podcast to create a positive environment for creatives. I'm also a published author.

I'm a mezzo belter and soprano singer with a vocal range of Eb3-E6 and have a wide variety of character voices and accents to pull from when performing, whether it be on stage or in front of a microphone.
