

Doklite Warranty

Dock Life LLC will repair or replace non-functioning Doklites for the period of 1 year from date of purchase. Non- functioning terminology clearly states and refers to Doklites that do not come on at night, after being exposed to direct sunlight.

The Doklite is a solar powered product, and results will vary depending on location, obstructions to sunlight and weather. Light exposure is a direct correlation to illumination hours, and results can vary.

To execute the above warranty, please contact Dock Life LLC by phone or email to secure a R.M.A. (return merchandise authorization) number.

Returned Doklites must be accompanied by a RMA number, and customer is required to pay any and all shipping charges on returned product.

Returned Doklites will be evaluated within 2 business days, and repaired or replaced within 7 business days.

Dock Life LLC will not be held liable for any inconsequential damages or installations of any products, this warranty in whole or part includes only the non- functioning Doklite.
