

Heartland

A Global Payments Company

We are proud to have partnered with Heartland for Payment Processing as well as Payroll Services.

Heartland provides flexible processing options whether its In-store or Offsite, on any device (tablet, mobile phone or POS terminal) and any method (PayPal, Apple, Samsung or Android Pay, Credit/Debit, even Gift Cards). We have the products for secure card processing.

Our Payroll Solutions are suited for businesses of all sizes and give you the tools to easily manage the payroll process, automate your 401k program and other employee deductions (such as Aflac or other insurance products) and connects with your accounting software package (Quickbooks, Peachtree, Sage, Great Plains and more.)
