

Listener's Guide To WDAM Radio's History Of Little Richard

Shut Up! You're now the owner of the greatest Little Richard collection ever! Only WDAM Radio, America's Greatest Imaginary Station, could bring you every hit imaginable from the "Hepcat from Hell" – plus the original versions of songs he made famous (some especially rare!), as well as all the hit covers of his songs by other artists.

As a WDAM Radio exclusive, we've assembled Little Richard's complete hit discography, including every single one of his charted 45s comprising his solo recordings and singles with Canned Heat, Bachman-Turner Overdrive, the Beach Boys, U2/B.B. King, and the Voices That Care, as well as his rare gospel numbers that graced Billboard's various hit music listings. Then there are his myriad performances on cuts from hit albums for other artists, such as Delaney & Bonnie, Bon Jovi, and many others.

And there's even more – did you expect less? ... You'll also enjoy a fabulous collection of memorable cover versions of his greatest hits.

Here's how to enjoy this collection. All of the hits are presented in precise chronological order. The numbers in parenthesis after each hit designate the highest position each selection reached on the Billboard magazine rock music charts ("Hot 100" and "Bubbling Under The Hot 100," unless shown as "R&B" ["Rhythm & Blues"] or "AC" ["Adult Contemporary"]) and then the year. We have also included the positions for selections that charted in the UK, too. Other singers who performed on these hits also are also listed, as well as assorted trivia that you might find interesting.

Rock on!
