

SUBSCRIPTION FORM

Farming Families is mailed monthly at no charge to active farmers in selected counties. Our mailing list is based on the crop insurance list provided by USDA. We realize this list is not perfect and so, if you are an active farmer in one of these Iowa counties (Sioux/Plymouth/Lyon), we will add you to our mailing list for free.

- PLEASE NOTE: Advertisers are paying for the printing and postage of this magazine with the goal of reaching farmers who are actively making purchasing decisions. Consequently, simply owning farmland does not qualify for a free subscription. You must be actively engaged in day-to-day production and operations; and making purchasing decisions. Thank you for your understanding.

Check the box that applies to you:

- ☐ I am a farmer actively involved in daily operations and purchasing/sales decision-making; and consequently qualify for a free subscription. (If you are already receiving the magazine, there is no need to submit this form. You will continue to receive Farming Families each month.)
- ☐ I am not an active farmer, but would like to subscribe to Farming Families for \$60 per year + 7% sales tax.

Payment options for those who are not active farmers in the selected counties
