POsterior LaminectomY with FIXation for MultiLevel Degenerative Cervical Myelopathy

WELCOME TO THE 26TH EDITION OF THE POLYFIX-DCM NEWSLETTER!

TOTAL PATIENTS:

155

Amazing work of all the team!
Recruitment kept steady over the summer months, which is a huge success for the consortium!
Huge congratulations to the teams in Royal London and Midlands for recruiting their first patients!

Images Awaited!
Please send us the pre-op XRs and MRIs for us to be able to complete our central assessments!
How to do it? -->trial site manual has all the answers or get in touch!

Baseline (Pre-op) XRs Cervical Spine

--> Baseline XR assessment are important and a secondary outcome as part of the trial. Please send us the pre-op XRs! We assess them so no additional burdeon for the team, just ensure they are done and sent!

We have opened 25 sites, and now 155 patients enrolled into the POLYFIX DCM trial, thanks to the amazing work of all site teams!

We are now almost halfway through the recruitment period, and we currently need to catch up to our NIHR-given targets!

Our big ask in the next few months of the 2024 is to to have at least a couple of patients per site , which will bring our recruitment figures back on track!

We have hit the base camps of Everest, and now the big climb is on!
The bigger target now is 396 total participants, 241 to go!

WHAT CAN YOU DO TO SPEED UP POLYFIX?

CC: PAULA.KARECLAS1@NHS.NET & SAIMA.SIDDIQUI4@NHS.NET

DEAR R&D

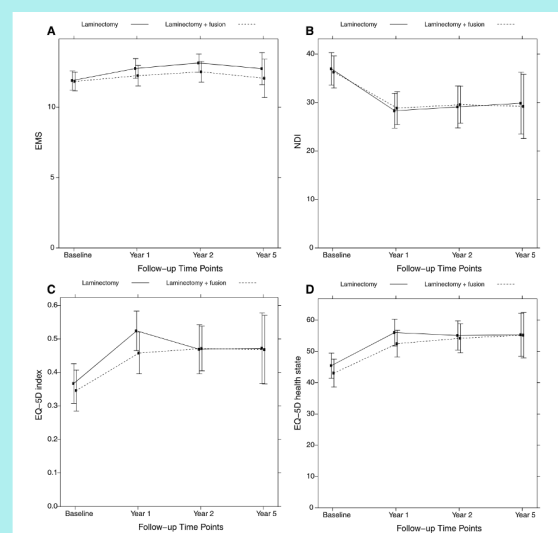

WHERE ARE WE UP TO WITH POLYFIX-DCM? THE TRIAL IS NOW UP AND RUNNING, AND RECRUITING ELSEWHERE

IT WOULD BE GREAT TO GET US ON-BOARD. I HAVE COPIED THE TRIAL'S MANAGER IN PAULA IN CASE THERE IS ANYTHING YOU NEED FROM THEM.

WE NEED YOU!

Have you encountered new scientific evidence in connection to POLYFIX? If so please share this with us as well so we can keep track of any new evidence on the topic!

A good example is a Swedish Registry paper published last year references below:

Carer Quality of Life Subsidy

Are carers and family of our DCM patients affected?

Let them give us their opinion with a short questionnaire. Complete their Consent and send us their PID (if separate to main one) so we can include them in the follow up.

Want to keep paper light?

eCRF is now Live!

Please let us know if you are not set up!

PAULA.KARECLAS1@NHS.NET saima.siddiqui4@nhs.net

Please also send us all CRFs promptly if not using eCRF.

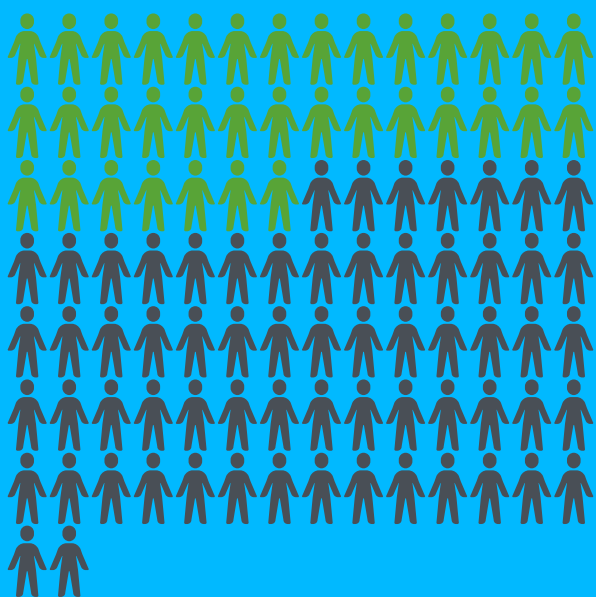

TIME FOR A SUMMER COMPETITION

Attention POLYFIX-DCM Co-Investigators!

- 🏆 We are offering the top screener(s) during June and August, free attendance at either the BOA, BASS, SBNS, or BNRG Conferences!
- 🌟 Your efforts are driving progress but there's more to be done! 🎯
- ⌚ Let's make the most of June to August 2024 and kick POLYFIX-DCM into the home straight! 📦
- ⚖️ We will adjust numbers fairly based on center size and activity. Any site could win! **We will expect all of your screening logs by the end of September!**
