

RECALL TARA ARMSTRONG

KELOWNA · LAKE COUNTRY · COLDSTREAM

She Made a Promise. *We're Holding Her to It.*

WHAT SHE PROMISED: Tara Armstrong told voters she'd heard their concerns: affordability, housing, healthcare. She asked for their trust.

WHAT SHE'S DONE:

- Introduced a bill to repeal the Human Rights Code — legislation that protects every resident of this riding from discrimination in housing, employment, and services.
- Introduced bill after bill that have done nothing for the issues she promised to address.
- Left two separate political parties, leaving her constituents without consistent representation or a coherent political voice.

We need promises kept, not ideological stunts that go nowhere. A recall campaign has been launched. Find out how you can help, plus when and where you can sign a recall petition.
