

Next Steps

Will you consider joining us in this historical journey and leave a true legacy for the next generation of Christian leaders?

Can you help us to create a world-class education provision, with access for all children, founded on 'British values' ?

Can you help us create this innovative, historic vision of a new school model in London?

Please can you join us in either partnering or contributing to drive this vision through?

If you are interested in discussing how you might collaborate with us to bring this vision to pass, and create a legacy for future generations, **please get in touch:**

A new school model with
a Christian ethos

Next Generation of Leaders

Are you concerned that your children
(aged 4 years to 16 years) have limited
access to schools who pursue excellence in
an inclusive setting ?

A Parent-Led Christian Initiative

Following consultations with parents, we have developed an innovative way to meet the educational and well-being needs of our children. The proposal is for a new **'hybrid', all-through, co-educational, non-denomination inclusive school model**. Established on a **Christian ethos**, the school aims to blend the best of the **old world and new 'technological' world school model** - from both state and private schools - to create a **world class learning hub**.

The most exciting aspect of this 'hybrid' proposal, is its capacity to also reach isolated children, who for social, emotional or physical reasons, are unable to access full-time school. With **'dyslexic-friendly' classroom**, our small school, based on the **FOREST school initiative****, will aim to be one of the **lead schools**, in the current **'UK Trauma-Informed school movement'**.

Our staff, governors and children, will be trained on how to support the most vulnerable and often disadvantaged in our community. Equally, technology will allow isolated children, to start to consider returning to school with a phased return in a small, compassionate, caring learning environment. We aim to develop future leaders, through them embracing **our school motto: Faith, Love, Service and Resilience**.

***a child-centred, outdoor inspirational education model, in which students visit natural spaces to learn personal, social*

Private School by name - Inclusive by nature!

Although, initially a **private school (legal status)**, was not our first choice, this DFE model allows us the **freedom to create a new UK model of schooling**. We would aim to invite all members of the local community to attend, who are happy to **promote the same Christian values, shared in successful UK based Catholic and Church of England schools**. The difference is, unlike many private provisions, we will be inclusive - **no children left outside of our admissions policy**, due to their faith, ethnicity, or limited economic circumstances.

We will create a **singular space** where children receive almost a **lifetimes education (age 4 to 16 years)**. Parents are at the forefront of the schools development (e.g.) We currently have a **Parent Council and Board of Trustees** consisting of local parents, as well as educators and industry specialist; We also currently run (and will continue to) a range of **education and well-being classes for our parent/carers, within in local community**.

I believe we can create a **culturally-rich and safe space**, where we **fortify and strengthen the minds and hearts of the next generation of British leaders**. We will work with a range of **family units**, for the **best outcome for ALL children, regardless of their income**.

Join Us In Creating A New School Model

- Would you like to be the **architect of a new school movement in the UK?**
- Are you intrigued by the idea of the development of the **UK's first private 'hybrid' school?**
- Grounded in an **inclusive 'Christian ethos'**, would the chance to support an **affordable, no frills, private school**, with a **record of success**, appeal?

Call For Support

Over the next 5 years, we aim to provide up to **240 places** from **Reception to Year 11**. We have identified a former school building in the borough of Croydon and have a waiting list of parents, who wish to start, in **September 2021**. As a small CIC, with a new Charity arm, we are seeking funding and investment to secure the vision.
