

January 7th Meeting

Photographic Design

Presented by Tom Klare

Our guest speaker, Tom Klare, is an award-winning photographer and art professor emeritus. In his presentation, he will talk about photographic design principles. Becoming familiar with photographic design is essential if you want to increase the visual impact of your photos.

Before coming to Arizona to teach, Tom shot commercial and editorial photography in Southern California for 20 years. In Arizona he taught photography and post-production in the art department of Mesa Community College for 15 years. He retired from his teaching position in 2021.

Tom's photography work has been selected to be shown in orbit aboard a SpaceX Dragon Capsule and has been used by National Geographic and The Nature Conservancy plus many others. His images have won numerous international awards through Prix de la Photographie Paris, IPA, ND and Budapest International Photo Awards. He is a frequent guest speaker at many photography organizations and has taught photography workshops for Arizona Highways Magazine and others.
