To Whom It May Concern,

Bethel Christian School is a Christian academic institution, located in the city of Bakersfield, California. With an emphasis on character development and Christian values, Bethel Christian School is known for its outstanding student body and skilled staff. We offer a stimulating learning environment to all students with a focus on individualized instruction. We are, also, fully accredited by the Western Association of Schools and Colleges (WASC).

Bethel Christian School's staff believes that its primary purpose is to educate each student to the highest possible level of academic achievement by providing an appropriate curriculum in a safe, healthy environment. We are committed to helping students grow emotionally and develop social skills. We believe in creating an environment that encourages learning and social growth through character building and high expectations.

Since its beginning in 1980, Bethel Christian School has strived to keep tuition costs at a minimum so a solid Christian education could be obtained by any family. Because this is so important to us, we are seeking out sponsors and donors to help us cover costs that aren't fully covered by tuition and fundraising. These things include, but are not limited to, building upkeep, graduation ceremonies, Christmas and spring performances, general operating costs, physical education, and music programs.

During this tough economic time, Bethel Christian School needs your help. Please consider donating to or sponsoring our school, and being part of helping us equip these students to become young men and women who reflect the heart of God and make a difference in this world.
