CHARLOTTE CHAMPIONS FOR LIFE

Weekly Newsletter

"Building Champions For Life!"

WHO IS CHARLOTTE CHAMPIONS

We are a partnership with parents, schools, faith-based institutions, and community agencies to provide an extraordinary enrichment experience for students through our Academic Leadership, Extended Day and Summer Enrichment Programs.

CHILD CHAMPION

Pictured below is child champion Dylan. Dylan has answered the most questions on IXL this week. He answered a whopping 1,568 questions this week. Dylan is a reserved kid, he keeps to himself. He helps prepare for lunch and going outside. Dylan has a very competitive spirit which led him to answering over 1,500 questions.

TESTIMONIALS

IXL is a learning based program that helps our scholars with reading and math instruction. In the last 30 days together the students have answered 12,734 questions, mastered 204 skills, and are proficient in 245 skills. Overall the scholars made progress in 286 skills. As of July 2nd, some of the awards the students accomplished in IXL include answering 5,000 language arts questions, spending 50 hours practicing math, and achieved excellence in 10 third-grade language arts skills.

MUST HAVES FOR FRIDAYS

This Friday field day. All student's need to bring is a water bottle, sun screen, a sun visor, and a great attitude.

- Thursday
 - Chicken Salad w/ crackers
 - Fruitable Plus! Juice
 - Applesauce
 - Raisins
- Friday
 - Tortilla Chips w/ Cheese Dip & Salsa cup
 - Colby Cheese Stick
 - Fruit Juice
 - Strawberry Cup

SPECIAL GUEST

This week we are highlighting the Pastor of site. Pastor Dennis Williams was a former educator at all levels. He was also deputy superintendent for Charlotte Mecklenburg Schools in the late 90's. His goal is to help young people connect with the champion that is inside of them. Charlotte Champions is held at this church because in Pastor Dennis's words "That's what the church is for", it's about helping family and the community. Furthermore, Pastor Williams also volunteers his time and mentors the young males at the site.

WHAT ARE WE LEARNING?

This week was filled with many great activities and informative material. For starters, students finished reading *Knights at the Kitchen Table*, as well as learned 10 new sight words.

In math, students practiced subtraction, fractions, equations, multiplication of fractions, and worked using the number line to determine fractions.

We ended this week strong with a community service project. Students are packing back packs to give-away to individuals that need school supplies for the upcoming school year.

Lastly, students had a ball because they were able to pie Mr. Williams. The students and Mr. Williams had a challenge going on. If the students answered a certain amount of questions on IXL, they could pie the teacher, and let's say the student's came through and enjoyed that experience.
