

7-2-18

To whom it may concern,

It has been a pleasure having Johnson Land Surveying, Inc. on our 232 unit multi-family mixed use project here in the Sellwood neighborhood. Robert and his crew have been both prompt and professional performing the surveying with special attention to detail while coming across and correcting errors in construction documents keeping us on schedule.

Thank you,

A handwritten signature in black ink that reads "J Booth". The signature is written in a cursive style with a large, stylized "J" and "B".

Jason Booth
