Procedures for Dog Teams:

 Recommended (but not required) to complete a pet therapy class. There are a number of training classes in your area. You can contact 4 Paws of Love for a listing.

 Complete the Canine Good Citizen (CGC) test. This can be done from any certified dog trainer in your area.

 Complete the Initial Evaluation form. This form must be completed by a certified behaviorist, certified dog trainer, or AKC approved Canine Good Citizen (CGC) evaluator. A potential member may not evaluate their own pets.

 Once the above have been completed, contact 4 Paws of Love for an orientation and to schedule your first supervised visit.

 Bring completed documents to the orientation.

 Teams in training must carry the completed evaluation form during all supervised visits as well as the visit form.

 A team in training will only be covered by our insurance while on a supervised visit.

 Facility Leaders will complete the visit form at the conclusion of a visit.
