ABOUT US

An Original Equipment Manufacturer of sturdy and efficient machines, BMS Machine Tools is a renowned and trusted name in the engineering and manufacturing industries. With a humble start in the year 1965, the company undertook a number of significant steps that led to the success it enjoys today. We have successfully acquired a wide spread customer base and are an acclaimed manufacturer, exporter, importer, trader and supplier of world class products. Our company is ISO 9001:2008 certified and registered with SSI & NSIC. We export our products to locations like Saudi Arab, Egypt, Bangladesh, Myanmar and Nepal.

Under the direction of our mentor Mr. Tarlochan Singh Sall, we have designed and developed an innovative range of Bright Bar & Coil Leaf Spring Project Machines that ask significant queries in the global market. We offer products such as Bar Straightening Machine, Bar Peeling Machine, Centreless Grinding Machine, Bar Drawing Machine Or Draw Bench, Section Straightening Machine, Bar Pointing Machine, Bar Shearing Machine, Bar Polishing Machine, Tube Straightening Machine, Hydraulic Press / Cylindrical & Vertical and many more. Owing to our excellent performance in the industry we have gained the membership of prestigious organizations such as EEPC, India and The Bengal National Chamber of Commerce and Industry (BNCCI).
