Start: 8/16/24, 9:00 AM

2024 GMC Hummer EV SUT

Line Item	Qty	Unit Amount	Total
Ultra Fit XP Black Matte PPF	1	\$8,750.00	\$8,750.00

Hydrophobicity
Even though many paint protection films have hydrophobic features, it does not mean that they are all the same. XP BLACK MATTE has the highest water angle of 105 degrees, leaving no water stains on your vehicle.

Image
Adding a XP BLACK MATTE finish appearance will transform your vehicle with a distinctive look that is unique in appearance and expresses who you are.
Image

Self-Heal
Whether you like it or not, scuff marks and minor scratches will happen to your vehicle. With little bit of heat, XP BLACK MATTE self-healing properties will keep the smooth glossy surface of your vehicle like they had never happened.
Image

Shock Absorbent
Using the best TPU in the market, XP BLACK MATTE can absorb the impact from rocks, gravel, door dings etc. Even if sometimes the shock cannot be reversed, just peel off the PPF. Better that the PPF is damaged than the vehicle.
