

SRHC Board Meeting Minutes  
12 Oct 2022

Present: Lynn Isaacson, Denise Rasmussen, Dottie Emert, Gaileen White, Scott Manser, Trevor Vaughn, Stephen Cook, Tori Arriero

Treasurer's Report: Will enclose copy from Scott. Scott has been very busy changing over the system for the money stuff. Things might look a little different from what was done previously, but there will be more "transparency" and ease of using the system.

Bills paid: Moved and seconded that we pay the bills.

Scott said he just realized today that we only have 15 days after the end of our fiscal year to get out taxes turned in. He took care of that today! So our taxes are DONE!!

Scott has also fixed the program so we will better be able to see what we bring in from renting rooms here in the museum, as well as what our expenses are, so we will know the bottom line on that.

Old Business: Dani Reese told Denise she's just waiting for a bank card so she can do the website. But Denise and Scott were under the impression that she was going to get us another proposal with all the details.

Very exciting to have the new printer up and running! Dottie asked about photo paper for any photos they copy. Gail has a bunch of photo paper she doesn't use. She'll bring it over.

There IS a light on the pole in the back parking lot. Not sure how long it's been there, or who put it in. But it's working.

Sprinklers will be blown out in two weeks.

Trevor Vaughn is here by invitation of Stephen. Trevor is willing to assist in writing grants, obtaining funding.

The old website is no longer working, but we are working on getting the new one up and running.

Stephen Cook will start looking for docents to help Dottie and Lynn with museum stuff. They are getting tired of always being available. We should be training new people to take some of the load off.

Scott would like to have a new logo for the museum. We'll get the info to Dani.

We need to get the internet service updated. MTE? Scott and Stephen will check into that.

(I had to leave the meeting for a few minutes at this point to take an important phone call. So I didn't hear the last few minutes of the meeting.)
