## EVERYONE IS GOOD ENOUGH FOR A LEAGUE HERE'S WHY !!!!!

This league like most bowling leagues uses a Handicap scoring format. Better bowlers will get less handicap and not so good bowlers will get more handicap bonus pins. For example in a league that uses a 100 percent of 220 system a bowler with a 150 average would get 70 pins of handicap per game.  $220 - 150 = 70$  pins) Handicap makes bowling leagues fair for a wide variety of skill levels. Your average and amount of handicap will change from week to week based on your total pin fall and number of games bowled. No worries - the computer scoring system track everything.

### Upgrade Options

#### Upgrade to a Reactive Resin Ball:

**Why would I do this?** This type of ball will allow you hook the ball more. If you are a straight ball bowler and have no interest in learning how to throw a hook ball, then do not consider the upgrade.

**How?** The Pro shop will simply apply the value of the T-zone (\$99) toward any ball the pro shop offers.

**Examples:** Upgrade to the Roto Grip Hyped Pearl for an extra \$80 (\$179 - 99) or Upgrade to the Brunswick Rhino for an extra \$55 (\$154 - \$99)

### When do I receive my new bowling ball ?

New bowlers will be given their new bowling ball certificates at the mid point of the league. The bowler will then bring the certificate to the BowlersMart Pro Shop to get professionally fitted and to select the specific ball they want.

### What if I want my new ball sooner ?

No problem - Just pay a \$20 rush fee and you will be given the certificate immediately to bring to the Pro Shop at your convenience. You will get professionally fitted and your ball will be ordered right away if it is not in-stock. Your ball will arrive within 1 week.
