# BUILT TO PLAY AND GROW

Our mission is to help our community build a permanent, outdoor, concrete skate park that is open to the public.

Our growing community is in need of an inclusive, fun, safe space for kids and families to enjoy outdoor activities including skateboards, bikes, scooters, inline skates, and more.

This initiative is committed to ensuring kids have equal access/opportunity to physical activity and sports in a healthy outdoor environment. Kids deserve a place to grow, and skate parks build and sustain healthy communities.

The skate park will promote activities for a large demographic, with a focus on youth. The skate park design will emphasize accessibility and adaptive participation.

Help us reach our goal, and make our community a better place to live, play and grow.
