Shoffner Messages — Pairwise Ranking

Respondents were shown pairs of statements about Hallie Shoffner and, for each pair, selected which one was more concerning. Those head-to-head choices were analyzed with a Bayesian Bradley-Terry model. **ModelNet** is the statement's average modeled win probability versus all other statements, so higher Model Net means a message is more concerning to voters.

Rank	Message	ModelNet	CI
1	Illegal Immigrant Org Hallie Shoffner founded an organization that helped illegal immigrants navigate U.S. government systems and get driver's licenses. Those licenses open the door to taxpayer-funded benefits. Shoffner built the organization that made it happen.	+31.8	[+27.7, +35.6]
2	DEI / Soros LGBTQ Hallie Shoffner ran an organization that hosted "anti-racist" study groups and DEI training sessions. She also worked for a group overseas that took George Soros funding to promote LGBTQ activism. That's the record she brought back to Arkansas.	+15.9	[+11.0, +20.6]
3	AOC / Green New Deal Donor Hallie Shoffner donated to Alexandria Ocasio-Cortez, the architect of the Green New Deal. That plan would devastate Arkansas agriculture, slash meat and dairy production, and cost families over \$74,000 in its first year. Shoffner helped bankroll the politician behind it.	+15.8	[+11.1, +20.5]
4	Trans Activism Peru Hallie Shoffner worked for a transgender activist group in Peru. She personally led a pro-transgender parade through the streets of Lima and called the experience of celebrating being "gay, lesbian, transexual, bisexual" "incredible." That's who she is when she thinks Arkansas isn't watching.	+10.3	[+5.5, +15.1]
5	Climate Activist Hallie Shoffner led liberal climate change groups that pushed for "big climate action." Her agenda would bring back the Obama-Biden environmental regulations that drove up costs for Arkansas farmers, ranchers, and small businesses. She put her activism ahead of their livelihoods.	+8.6	[+3.8, +13.4]
6	Fake Farm Branding Hallie Shoffner calls herself "FarmHerHallie." But before the farm branding, she was a left-wing activist and Democratic operative. She scrubbed her resume and reinvented herself as a small-town farmer just in time to run for Senate. The image is new. The politics aren't.	-5.5	[-10.2, -0.8]
7	Obama/Biden Ad Firm Hallie Shoffner says she's running against Washington insiders. But she hired Obama and Biden's ad firm to run her campaign. She sent 98% of her campaign money to out-of-state vendors. Out of \$203,000 in spending, only \$2,700 stayed in Arkansas.	-10.2	[-14.9, -5.3]
8	Deleted Blog / Scrubbed Record Before she launched her campaign, Hallie Shoffner deleted her entire blog. She scrubbed 18 posts from the internet. She removed her overseas activist work from LinkedIn and her campaign website. If her record is something to be proud of, why did she try so hard to erase it?	-10.2	[-15.0, -5.4]
9	Attacked RFK Jr. / MAHA Hallie Shoffner called RFK Jr. and the Make America Healthy Again movement "dangerous." She said it was "just another attempt to divide and distract." Then she deleted the post before launching her campaign. She attacked the movement, then tried to cover her tracks.	-10.7	[-15.5, -5.8]
10	Wall Street Hypocrisy Hallie Shoffner says she's fighting for the people against greedy corporations. But her own financial disclosure tells a different story. She owns up to \$1.5 million in corporate stocks, including BlackRock, Goldman Sachs, and JPMorgan. She's not taking on Wall Street. She's invested in it.	-18.3	[-22.8, -13.7]
11	Elitist Background Hallie Shoffner went to Vanderbilt, got a master's from the Clinton School, and spent years working overseas for international nonprofits. She even hired Washington D.C. political consultants to run her campaign. She claims to speak for working Arkansans, but she's spent most of her career in the same elite circles as the politicians she criticizes.	-27.5	[-31.6, -23.2]

Methodology

Interview Dates	February 7-9, 2026
Target Population	(1) Arkansas likely voters for general-election measurement, and (2) likely Republican primary electorate for GOP ballot testing.
Sampling Method	<p>The survey was administered using a mixed-mode design combining SMS text-to-web invitations (60%) and live interviewer calls (40%). The sample was drawn from an Arkansas voter file, enriched with consumer data.</p> <p>Quota controls were applied during recruitment to ensure representative coverage across age, gender, race/ethnicity, educational attainment, county, and party registration. For GOP-primary recruitment, additional soft quotas tracked GOP primary turnout patterns and voters were screened for likelihood to vote.</p>
Weighting	<p>The general-election sample (n=550) was weighted using iterative proportional fitting (raking) adjusted for demographics (age, gender, education, race/ethnicity), geography, party self-identification, turnout history, and recalled 2024 presidential vote. Weighting targets were derived from 2024 certified election returns, U.S. Census data, and the 2025 statewide voter file and modeled to a likely midterm electorate.</p> <p>The GOP-primary sample (n=350) received a dedicated weight raked to gender, age, education, race, county, and primary turnout history.</p>
Number of respondents	General election: 550 GOP primary: 350
Margin of error	+/- 4.2% (95% CI) for the general-election sample +/- 5.2% (95% CI) for the GOP-primary sample
Survey Modes	Mixed-mode: 60% SMS text-to-web, 40% live interviews to mobile phones
