

## Small Business Loan Protection

Here at Gem State Financial Group we enjoy working with your clients in helping them attain their goals of owning their small business. We will walk through the entire process with your client in helping them procure the proper amount of coverage needed to protect their SBA Loan. We understand time is of the essence in getting their SBA Loan closed.

At Gem State Financial Group we have relationships with many Life and Disability Insurance Carriers to help provide many solutions for you, we can help with those hard to place cases as well.

“Thank you for taking care of this so quickly! We really appreciate the speed and efficiency you guys bring.”

– Tony Vasholtz,  VP-SBA Trust & Wealth Management

## Small Business Loan Protection

A Gem State Financial Group representative can help your clients select an insurance policy that will not only meet their borrowing terms but help protect them and their business as well - without delaying the processing of their loan.

Businesses often require additional financing as they grow their business. This could mean that they need to quickly increase their inventory, upgrade equipment, build a bigger space or explore new territories. This additional financing isn't always available to these businesses due to lack of adequate collateral. As a lender you are able to provide your clients with an option to help close a business loan by advising your client to purchase Life Insurance and/or Disability Income Insurance.

Gem State Financial Group is available to provide solutions to you as a lender by providing relationships with many Life Insurance Carriers.

### Many product choices and coverage amounts

Help solve your clients need of providing the collateral required on a business loan

Whatever they need the loan for, such as:

- new equipment
- purchasing a business
- expanding your business

If your client is required to have life or disability insurance as collateral, we can help them find the best product available to fit their needs.

### Easy to apply

All you or your client needs to do is to call your local Gem State Financial Group professional.
