

# **SOCIAL GROWTH OVERVIEW**

# SOCIAL GROWTH

We offer premium social growth through our industry leading influencer network of over 3 billion combined followers.

Having grown the social presence of many of the worlds largest brands and personalities, we use a unique blended growth strategy to provide its clients with affordable and effective growth campaigns.

# BLENDED CAMPAIGN

We use a blended approach to growth that includes both incentivized follow campaigns through giveaways led by influencers and voluntary follow campaigns through targeted shoutouts on industry-specific influencer pages.

These campaigns can be run domestically for optimal quality and engagement, or internationally for the price conscious brand looking to boost their following.

# CAMPAIGN STYLES

## DOMESTIC (RECOMMENDED)

100% real, English speaking, active accounts,  
primarily based in the USA.

## INTERNATIONAL

100% real, primarily Spanish speaking, active  
accounts, based outside of the USA.

# DM GROWTH

We use a direct message approach to growth that includes messaging a targeted niche of followers. We use 100% real, active accounts.

You will have your choice of specific target accounts.

# TikTok GROWTH

We don't use any bots or fake followers. When it comes to social growth, you need to be very careful to make sure you are always using 100% real methods. Social media platforms hate automation and bots, and will intentionally punish accounts that go against their terms of service by doing a "shadow ban" or even a permanent account ban/deletion.

This would result in fewer or no people seeing your posts, and severely impacting your page. Our growth methods don't involve fake followers. We would not do anything that could jeopardize your page

# DETAILS

Note that only some followers are targeted by industry or location. Most clients use this growth for "social proof" but some do sell to these followers and get a positive ROI.

Although we use giveaways and shoutouts, these are done on our end through our network and do not require your clients login details, or to provide any products or information outside of their @handle.

A grayscale photograph of a woman with long hair, smiling and looking down at a smartphone she is holding. In the background, a laptop is visible on a desk. The entire scene is framed within a large diamond shape, which is set against a background of overlapping, semi-transparent diamond shapes in various shades of gray.
