

2024 Highlights in Pictures

More books and supplies delivered! Dinosaurs, dolls and teddy bears! Prizes and certificates to encourage library use. Giant puzzles and games! Labels to categorize books. A teacher book cabinet. Colorful cushions, flags, and more posters. A new laptop for Mvita school administration! More pens, pencils, and chalk. A book review bulletin board. Mobile outreach – where museum library staff take books to local schools! A thank you celebration! And more generous folks donating even more books!

Here are just a few **highlights** showcasing the **PAGE BY PAGE – MOMBASA** libraries that we opened in early 2024 (see **Our Projects** for more details). Above all else, these pictures show children using the libraries – enjoying books, games and puzzles – and *developing a love of reading and lifetime learning!*

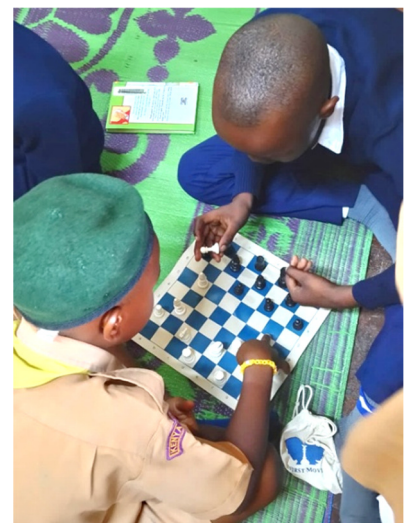

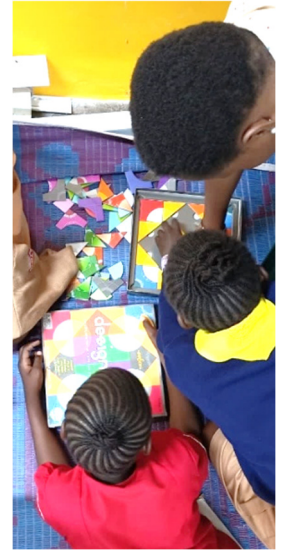

We're excited to announce that we've partnered with **Bondeni Girls' Comprehensive School** to open a new library at their school in 2025-2026! Our third! So, look for updates at pagebypagemombasa.org.

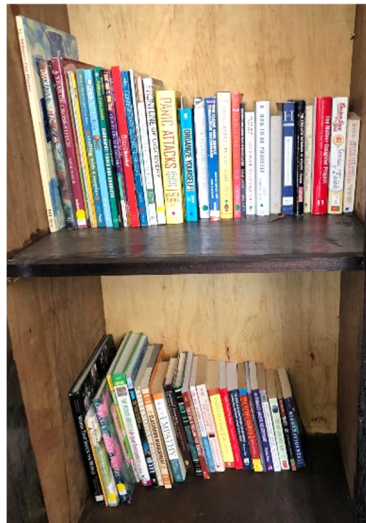

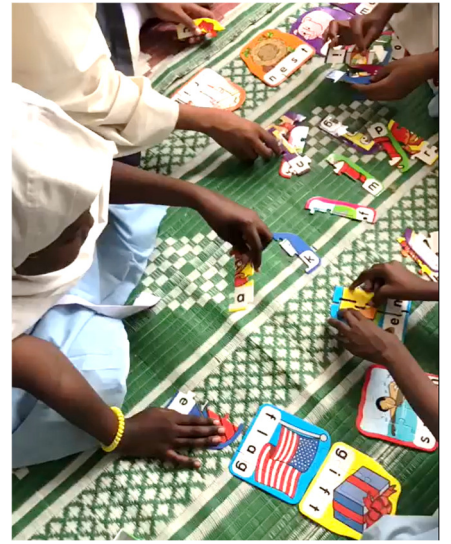

Many thanks for your continuing support! Ahsanteni sana!

A new **PAGE BY PAGE LIBRARY** coming here soon!
