

**OUR STUFFIE SLEEPOVER AT
FIRST PRESBYTERIAN CHURCH OF
HACKETTSTOWN**

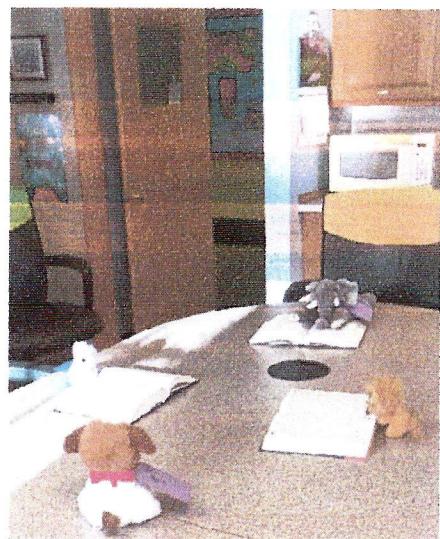

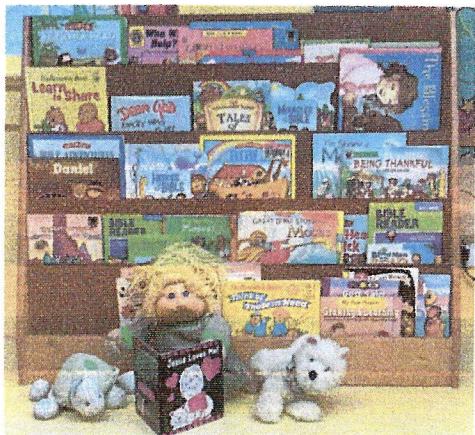

JANUARY 2026

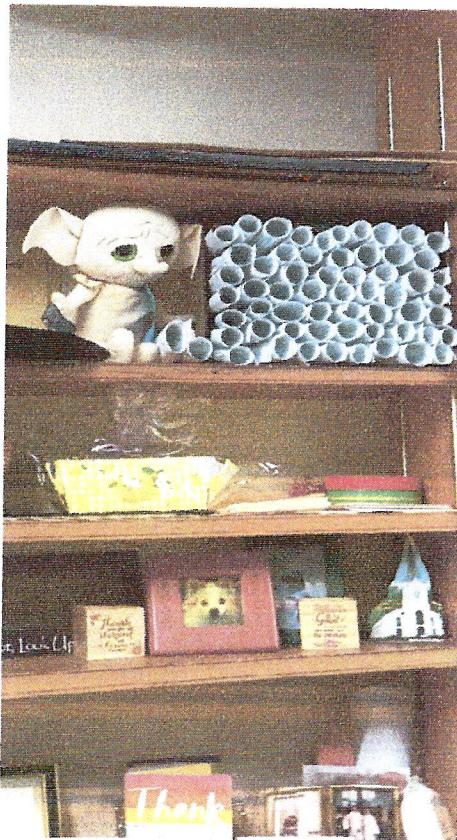

Our stuffies really LOVE music: they played the Joyful Noise Bells AND the BIG church organ in the sanctuary!

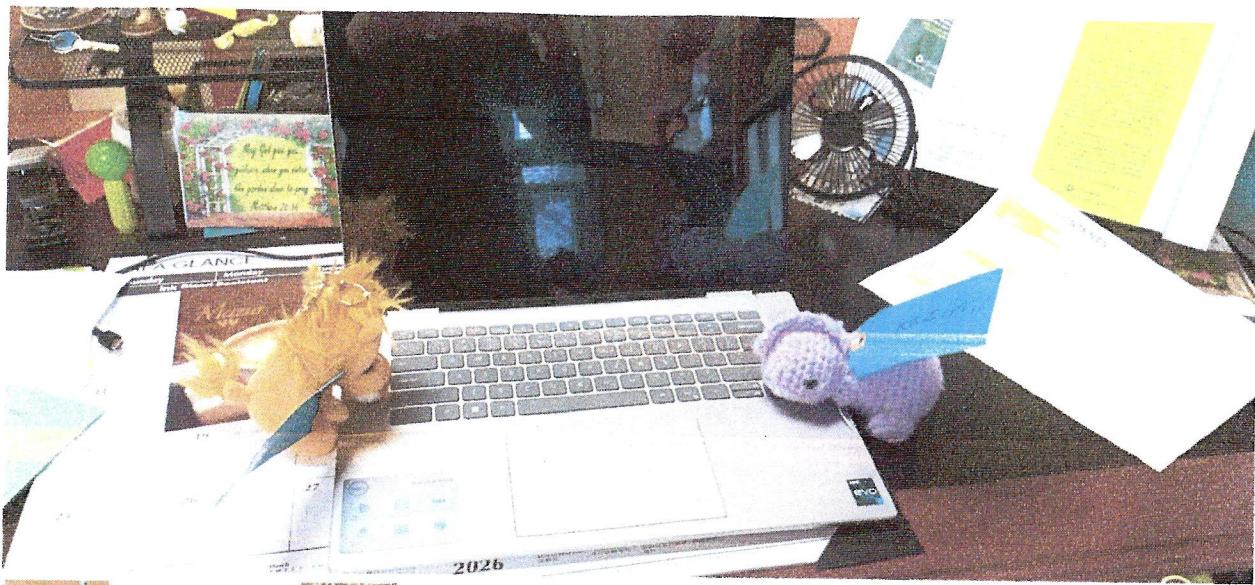

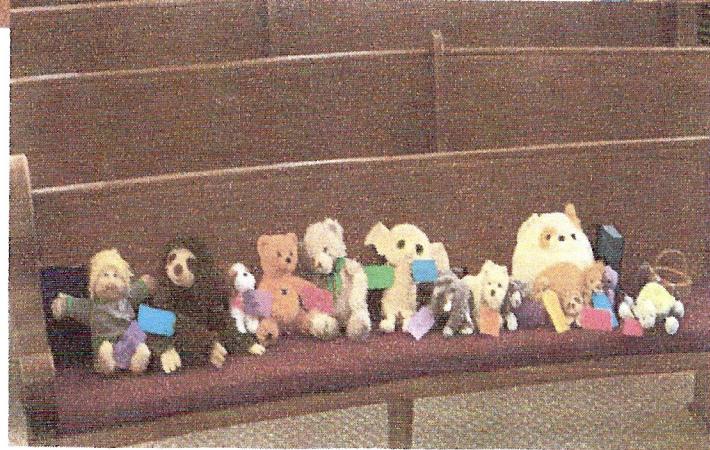

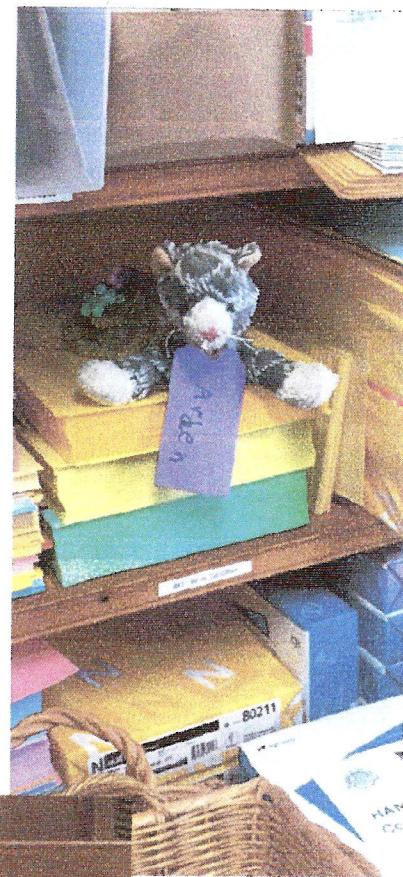

**Our stuffie friends all went to visit their
Sunday School classrooms with their classmates!
(We pretended that one of our friends was the
teacher!)**

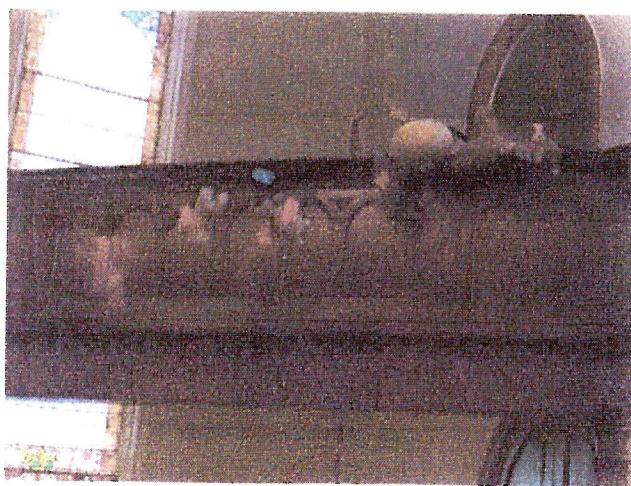

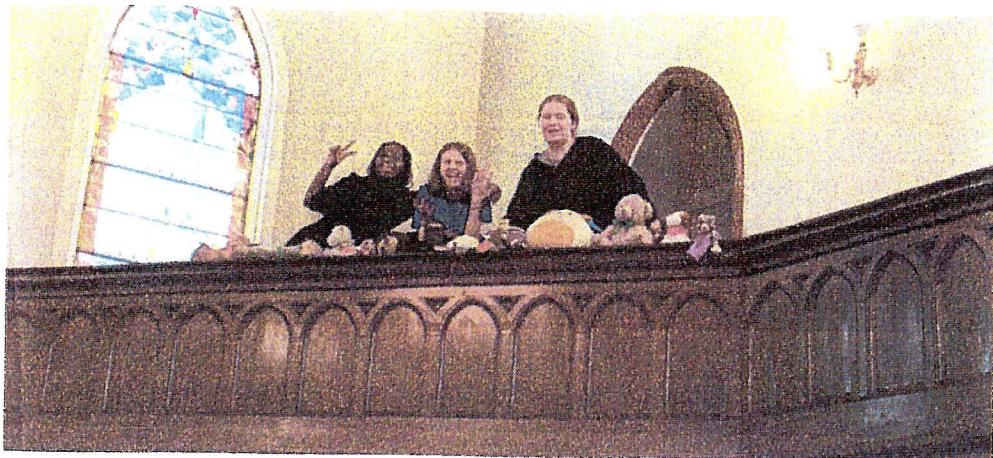

There were so many interesting things to do and see in Miss Pattie's office!

After being so
busy in Miss
Pattie's office
(how does she do
it all?), we went
back into the
church to take a
quick nap.

The big girls tried to
warn us NOT to jump
off of the balcony.
But we didn't listen.
And now we're
REALLY sorry,
because it HURT
when we landed.
We'll NEVER do that
again!

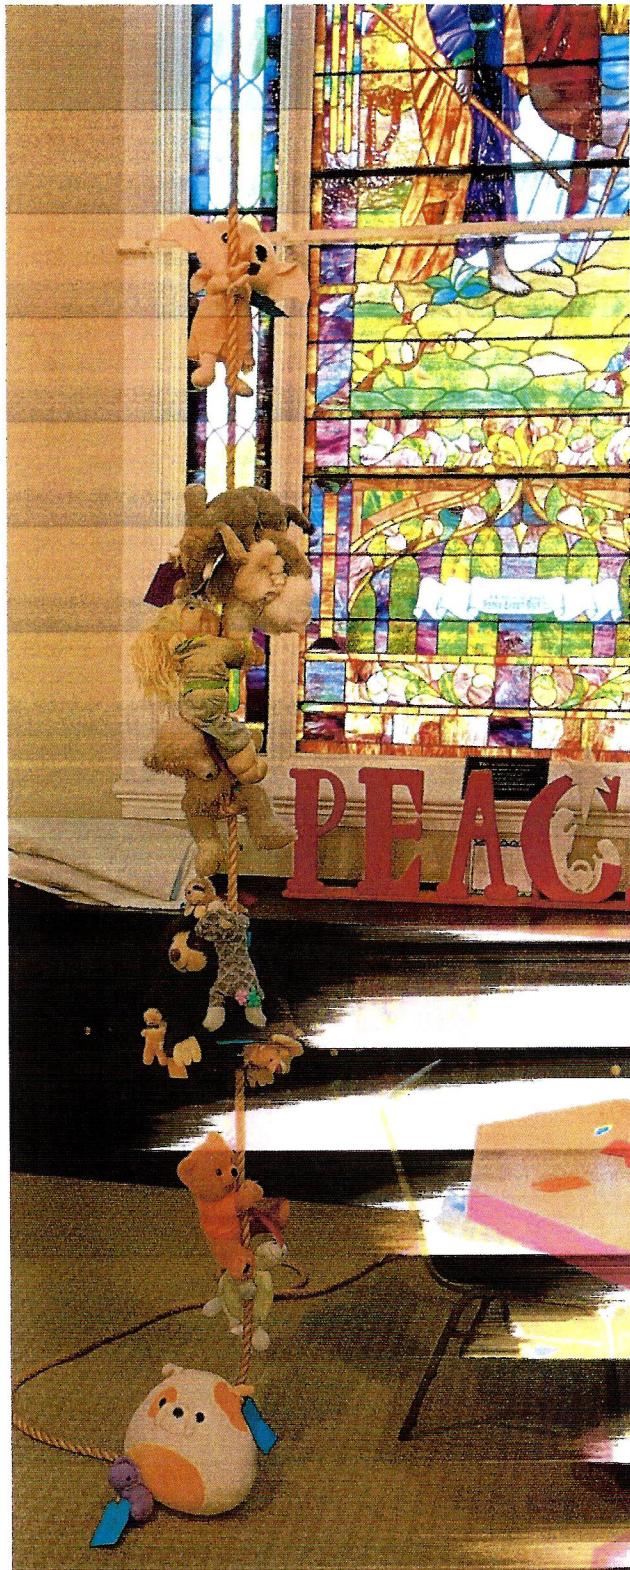

We all really loved the Creative Corner. Everyone wanted to color, and read books, and play with the fidget toys!

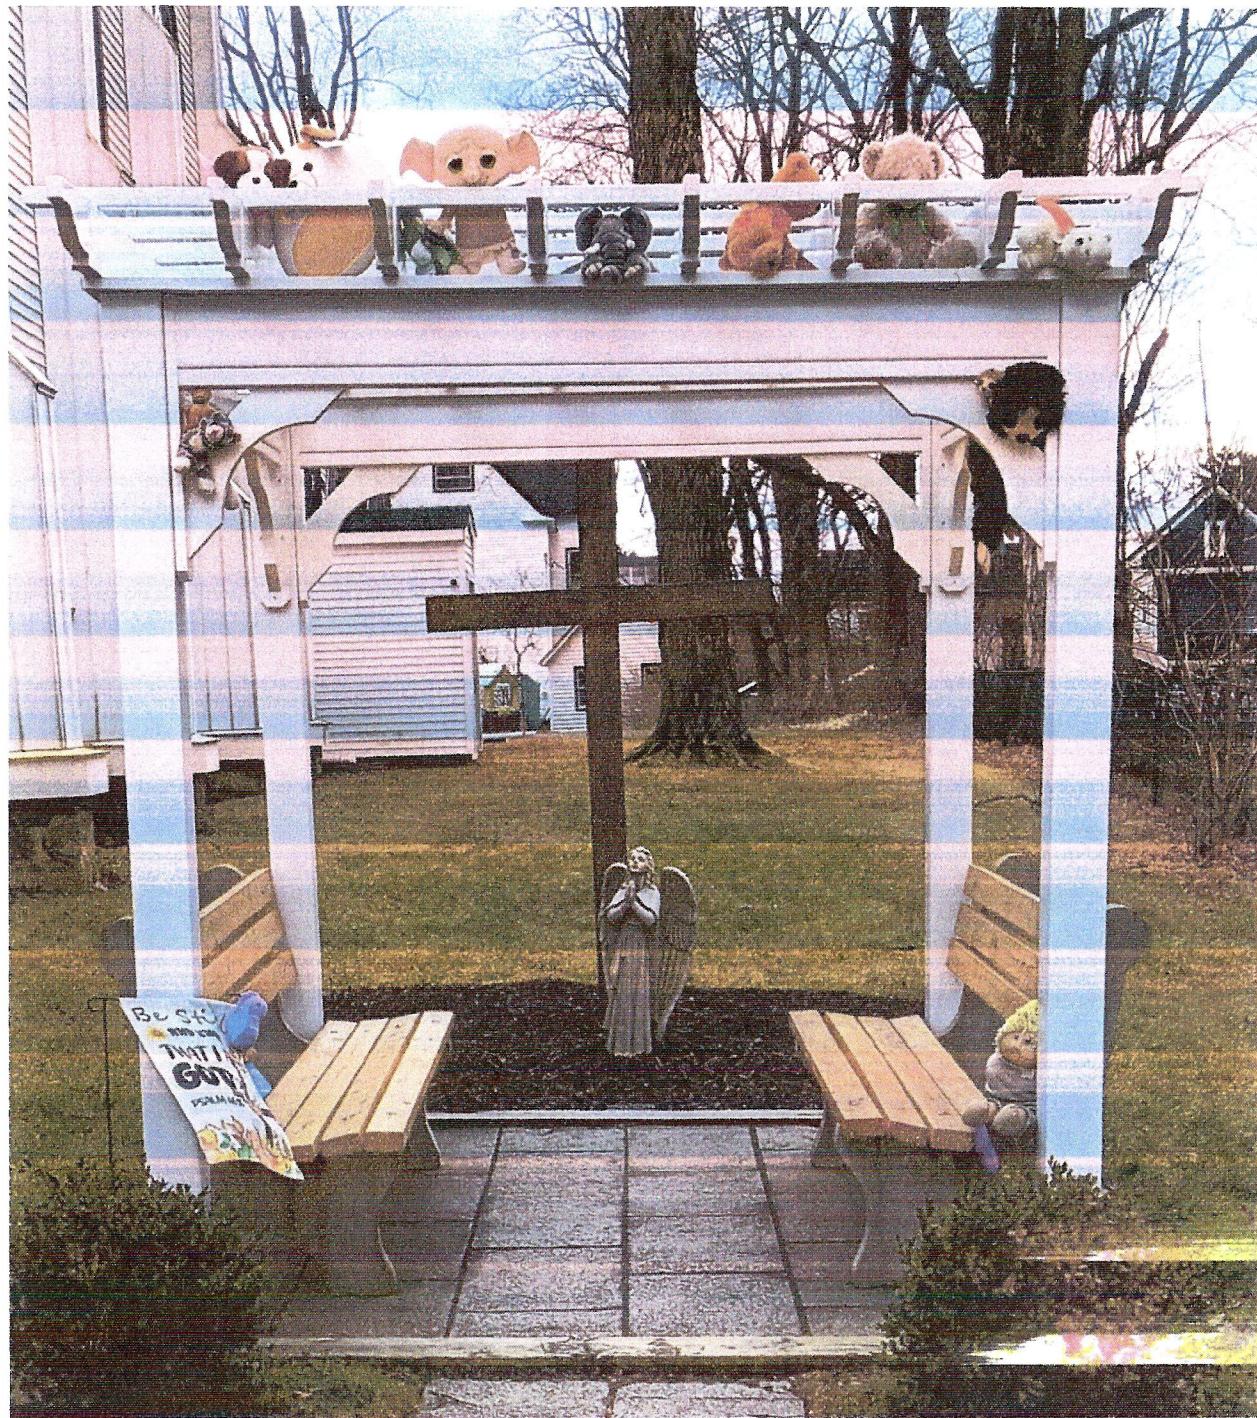

We're going to ask Miss Kim if we can help take the offering during church. We all thought that if we work together we could do that important job!

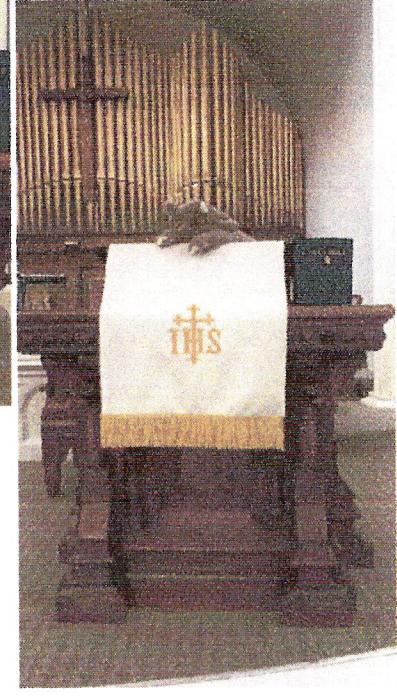

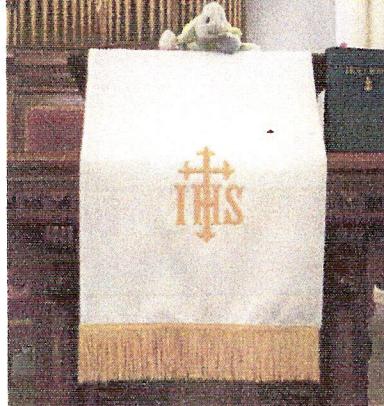

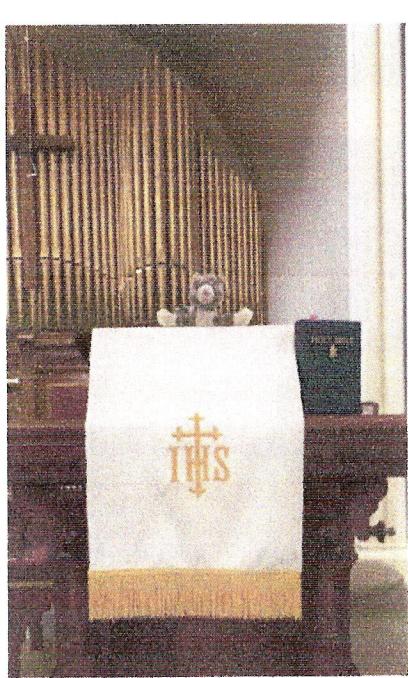

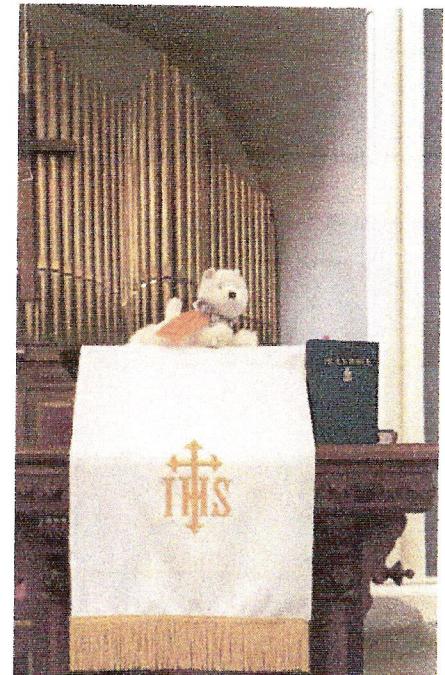

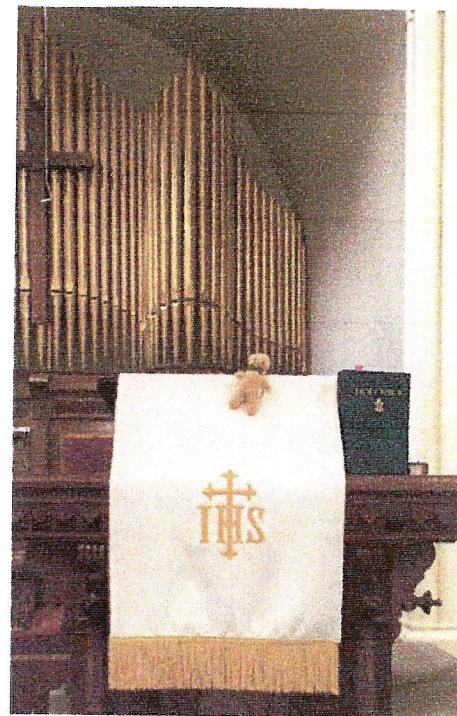

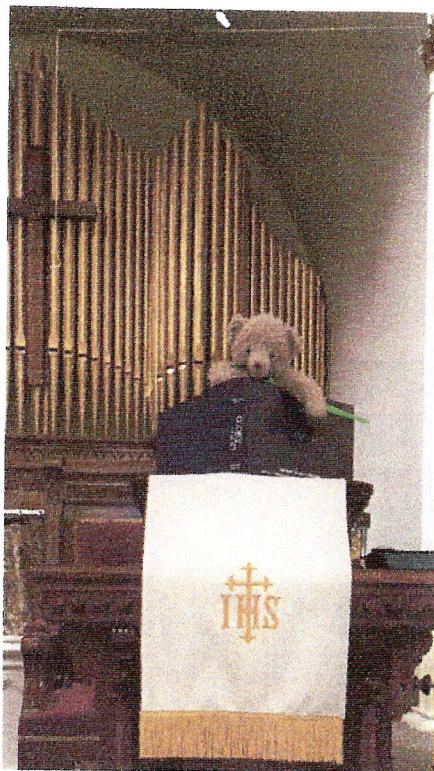

That church bell is **HEAVY!** One friend tried to ring it alone, but he couldn't do it. So more friends tried to join in and help. It took **EVERY SINGLE** stuffie to finally hear the sound of the church bell!

How in the world did our stuffie buddies end
up on top of the new pergola at our
Prayer Garden?

Pastor Erin makes giving the sermon on Sunday mornings look easy. But it's NOT! All those people looking at me when I was talking. I was pretty nervous!

Everyone took turns giving the sermon. We wanted to be sure that all of us had the chance to try doing that job!

Even though some of us were nervous, we all did go up into the pulpit to see what Pastor Erin sees every Sunday morning!
