IMPORTANT REMINDERS

- Complete detox on an all-fruit diet or a fruit and vegetable diet to get the greatest benefits
 - Always listen to your body, you will have detox symptoms, but you should still be able to do your daily activities
 - Not recommended for pregnant/breastfeeding individuals.
 - Do not take the same jar of herbs for more than 2 weeks straight
-

MISCELLANEOUS INFORMATION

- It's ok to make enough tea to last you the entire day, just double or triple all of the ingredients depending on how much you are trying to make
 - You can reuse the herbs one time before throwing away. Refrigerate used herbs in a glass tightly sealed jar, reuse within 48 hours. The tea will not be as strong, but they will still work. I do this frequently.
 - You may finish one jar before the other, just double the herbs that's left from the remaining jar.
 - If you finish phase 1 early, move to phase 2
 - If you reuse the herbs, you will not finish the jars. The remaining herbs are good one year (possibly longer) if sealed in a glass jar
