

# TIRIKA

Tirika is actually the delicious result of two spiced rums that are separately crafted in small batches and then blended together at the proper balance to create this fantastic organic spiced rum.

In Tirika, you will find tremendous herba-ceousness, sweet delights and exotic palate of spices. Using only locally grown and native Paraguayan botanicals, two special recipes are macerated in our organic certified rums. After 5-6 days, the rums are then filtered and blended with one another to create the intense magic of Tirika.

Tirika is a beautiful wild cat indigenous to Paraguay and like this beautiful native creature, Tirika rum balances savage and beauty, elegance and fierceness.

With **43% ABV**, Tirika Organic Spiced Rum is the perfect replacement in your favorite rum cocktails. It creates an amazing spicy twist to a Cuba Libre. A rum negroni made with Tirika or a simple pineapple and Tirika dances on the lips and fills the one imbibing with joy.
